 - (2) The design of new infill buildings is encouraged to incorporate components that are similar to the existing rooflines, materials, and architectural details used by the existing residential buildings in the same subdistrict.

- (3) Negative visual impacts of the development, such as dumpsters, parking spaces or structures, and mechanics, shall be screened from adjacent properties and nearby streets by landscaping or other site planning techniques.
- (4) The Planning Board, in its discretion, may require additional screened buffer zones for the privacy of directly abutting properties to the side and rear. Screening may include use of existing trees and plants, new vegetation, fencing, or a combination of these options. Such screening may address changes in topography between properties or other site conditions that would otherwise exacerbate light glare or overspill, lack of privacy, noise, or similar negative impacts.
- (5) In the Downtown Core and the Maple and Pleasant Street area, the façades of principal buildings shall be visible from the principal street.
 - a. Where appropriate to the architectural style of the building, the inclusion of porches, stoops, bay windows, and other similar appurtenances is strongly encouraged to reinforce an active visual and physical connection between the ground floor of the building(s) and the street.
 - b. Such appurtenances may encroach into the front yard setback, but shall be no closer than 5 feet from the front lot line.

D. Site Design.

- (1) **Connections.** Sidewalks shall provide a direct connection among building entrances, the public sidewalk (if applicable), bicycle storage, and parking.
- (2) **Vehicular access.** Where feasible, curb cuts shall be minimized, and shared driveways encouraged.
- (3) **Plantings.** Plantings shall include species that are native or adapted to the region. Plants on the Massachusetts Prohibited Plant List, as may be amended, shall be prohibited. Street trees added or replaced by the development shall use the list of street trees from §310-5.2(A)(11).
- (4) **Lighting.** Light levels shall meet or exceed the minimum design guidelines defined by the Illuminating Engineering Society of North America (IESNA) and the Five Principles for Responsible Outdoor Lighting adopted jointly with the International Dark-Sky Association and shall provide illumination necessary for safety and convenience while preventing glare and overspill onto adjoining properties and reducing the amount of skyglow.
- (5) **Mechanicals.** Mechanical equipment at ground level shall be screened by a combination of fencing and plantings. Rooftop mechanical equipment shall be screened if visible from a public right-of-way.
- (6) **Dumpsters.** Dumpsters shall be screened by a combination of fencing and plantings. Where possible, dumpsters or other trash and recycling collection points shall be located within the building.
- (7) **Stormwater management.** Strategies that demonstrate compliance of the construction activities and the proposed project with the most current versions of the Massachusetts Department of Environmental Protection Stormwater Management Standards, the Massachusetts Stormwater Handbook, Massachusetts Erosion Sediment and Control Guidelines, and, if applicable,

additional requirements under the Town of Medfield's MS4 Permit for projects that disturb more than one acre and discharge to the Town's municipal stormwater system, and an Operations and Management Plan for both the construction activities and ongoing post-construction maintenance and reporting requirements.

- (8) **Snow Storage.** Appropriate provisions shall be made for snow removal or on-site storage.

E. Buildings: General.

- (1) **Orientation relative to principal street.** A primary building shall have its principal façade and entrance facing the principal street with no other building between it and the lot line. There may be more than one primary building per lot. Parking shall not be allowed between the principal façade of the primary building and the front lot line. See also Section G.7. Buildings: Corner Lots.
- (2) **Entries.** Where feasible, entries shall be clearly defined and linked to a paved pedestrian network that includes the public sidewalk.

F. Buildings: Multiple buildings on a lot.

- (1) Parking and circulation on the site shall be organized to reduce the amount of impervious surface. Where possible, parking and loading areas shall be connected to minimize curb cuts onto public rights-of-way.
- (2) A paved pedestrian network shall connect parking to the entries to all buildings and the buildings to each other.
- (3) The orientation of multiple buildings on a lot should reinforce the relationships among the buildings. All building façade(s) shall be treated with the same care and attention in terms of entries, fenestration, and materials.
- (4) The building(s) adjacent to the public street shall have a pedestrian entry facing the public street.

G. Building on Corner Lots. A building on a corner lot shall indicate a primary entrance either along one of the street-facing façades or on the primary corner as an entrance serving both streets.

- (1) Such entries shall be connected by a paved surface to the public sidewalk, if applicable.
- (2) All façades visible from a public right-of-way shall be treated with similar care and attention in terms of entries, fenestration, and materials.
- (3) Fire exits serving more than one story shall not be located on either of the street-facing façades.

H. Buildings on Infill Lots. If the adjacent buildings are set back at a distance that exceeds the minimum front yard requirements, infill buildings shall meet the requirements of §300-21.5. **Dimensional Standards.** Otherwise, infill buildings may match the setback line of either adjacent building, or an average of the setback of the two buildings to provide consistency along the street.

I. Buildings: Principal Façade and Parking. Parking shall be subordinate in design and location to the principal building façade.

J. Surface parking. Surface parking shall be located to the rear or side of the principal building. Parking shall not be located in the setback between the building and any lot line adjacent to the public right-of-way.

K. Integrated garages. The principal pedestrian entry into the building shall be

more prominent in design and placement than the vehicular entry into the garage.

- L. Parking structures.** Building(s) dedicated to structured parking on the same lot as one or more multi-family buildings shall be subordinate in design and placement to the multi-family building(s) on the lot.
- M. Waivers.** Upon the request of the Applicant and subject to compliance with the Compliance Guidelines, the Site Plan Review Authority may waive any of the requirements of this **§300-21(7). General Development Standards**, in the interests of design flexibility and overall project quality, and upon a finding of consistency of such variation with the overall purpose and objectives of the MCMOD.

§300-21.8. Affordability Requirements.

- A. Purpose.**
 - (1) Promote the public health, safety, and welfare by encouraging a diversity of housing opportunities for people of different income levels;
 - (2) Provide for a full range of housing choices for households of all incomes, ages, and sizes;
 - (3) Increase the production of affordable housing units to meet existing and anticipated housing needs; and
 - (4) Work to overcome economic segregation allowing the Town of Medfield to be a community of opportunity in which low and moderate-income households have the opportunity to advance economically.
- B. Applicability.** This requirement is applicable to projects of ten (10) or more dwelling units involving the new construction, Substantial Rehabilitation, expansion of 30% or more of the net floor area, reconstruction, or residential conversion. No project may be divided or phased to avoid the requirements of this section. The existing §300.14-16 Inclusionary Zoning does not apply to development projects within the MCMOD.
- C. Affordability requirements.**
 - (1) **Subsidized Housing Inventory.** All Affordable Housing Units created must be eligible for listing on EOHLA's Subsidized Housing Inventory.
 - (2) **Provision of Affordable Housing.** In Applicable Projects, not fewer than ten percent (10%) of housing units constructed shall be Affordable Housing Units. For purposes of calculating the number of units of Affordable Housing required within a development project, a fractional unit shall be rounded down to the next whole number. The Affordable Housing Units shall be eligible for inclusion in the SHI.
- D. Development Standards.** Affordable Housing Units shall be:
 - (1) Integrated with the rest of the development and shall be compatible in design, appearance, construction, and quality of exterior and interior materials with the other units and/or lots;
 - (2) Dispersed throughout the development;
 - (3) Located such that the units have equal access to shared amenities, including light and air, and utilities (including any bicycle storage and/or Electric Vehicle

- charging stations) within the development;
- (4) Located such that the units have equal avoidance of any potential nuisances as market-rate units within the development;
- (5) Distributed proportionately among unit sizes; and
- (6) Distributed proportionately across each phase of a phased development.
- (7) Occupancy permits may be issued for market-rate units prior to the end of construction of the entire development provided that occupancy permits for Affordable Units are issued simultaneously on a pro rata basis.

E. Administration.

- (1) The Zoning Enforcement Officer shall be responsible for administering and enforcing the requirements in this section.

§300-21.9. Site Plan Review.

- A. Applicability.** Site Plan Review is required for all MCMOD projects. An application for Site Plan Review shall be reviewed by the Site Plan Review Authority for consistency with the purpose and intent of §300-14.12 and §300-21.4.
- B. Submission Requirements.** As part of any application for Site Plan Review for a project within the MCMOD submitted under §300-21, the Applicant must submit all required documents listed for Site Plan Approval on the Medfield Planning Board Rules and Regulations, and pay all application fees specified therein.
- C. Site Plan Approval.** Site Plan approval for uses listed in §300-21.4. Permitted Uses shall be granted upon determination by the Site Plan Review Authority that the following conditions have been satisfied. The Site Plan Review Authority may impose reasonable conditions, at the expense of the applicant, to ensure that these conditions have been satisfied.
 - (1) the Applicant has submitted the required fees and information as set forth in Municipality's requirements for a Building Permit and Site Plan Review; and
 - (2) the project as described in the application meets the development standards set forth in §300-21.7. General Development Standards.
- D. Timeline.** The timeline for the process shall be as stated in §300-14.12.B.
- E. Project Phasing.** An Applicant may propose, in a Site Plan Review submission, that a project be developed in phases subject to the approval of the Site Plan Review Authority, provided that the submission shows the full buildout of the project and all associated impacts as of the completion of the final phase. However, no project may be phased solely to avoid the provisions of §300-21.8. Affordability Requirements.

§300-21.10. Severability.

If any provision of this Article 21 is found to be invalid by a court of competent jurisdiction, the remainder of Article 21 shall not be affected but shall remain in full force. The invalidity of any provision of this Article 21 shall not affect the validity of the remainder of the Town of Medfield's Zoning Bylaw.

or do or act anything in relation thereto.

Article 32. Enforcement of Zoning Bylaw Violation(s) by Non-criminal Disposition

Submitted by the Select Board

To see if the Town will vote to amend the Code of the Town of Medfield Chapter 300 Zoning Section 300-14.7 Violations and Penalties, by adding a new Subparagraph C as follows:

C. In addition to the foregoing, a zoning bylaw violation may be addressed by non-criminal disposition, as provided in GL Chapter 40 Section 21D. For said purpose, the fine for each zoning bylaw violation shall be:

First Offense: \$100

Second Offense: \$200

Third and Subsequent Offenses: \$300

In the case of a continuing violation, each day shall constitute a separate offense. The Building Commissioner, Building Inspector(s), and their designee(s) shall each have the authority to enforce the provisions of this subparagraph,

or do or act anything in relation thereto.

Article 33. Substitution of "Select Board" and "Select Board Member" in Town Bylaws

Submitted by the Select Board

To see if the Town will vote to amend the Code of the Town of Medfield, Division 1: Bylaws, by substituting "Select Board" for "Board of Selectmen" or "Selectmen" and by substituting "Select Board Member" for "Selectman," throughout all of Town's bylaws; or do or act anything in relation thereto.

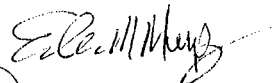

Article 34. Free Cash

Submitted by the Board of Assessors

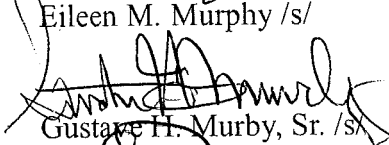

To see if the Town will authorize the Board of Assessors to use a sum of money from free cash in the Treasury for the reduction of the tax rate for the Fiscal Year 2025, or do or act anything in relation thereto.

And you are directed to serve the Warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said Town Meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, unto the Town Clerk at the time and place of the Town Meeting aforesaid. Given unto our hands this second day of April, Two Thousand and Twenty-Four.
