Subject: Resignation from Medfield Outreach Advisory Board

To: Kristine Trierweiler <ktrierweiler@medfield.net>

Cc: Kathy McDonald <kmcdonald@medfield.net>

Dear. Ms. Trierweiler,

I am writing to formally notify you that I have chosen to resign from the Medfield Outreach Advisory Board. I informed Kathy McDonald about my resignation earlier in the week.

It has been my pleasure and privilege as a Medfield resident to volunteer on the Advisory Board for over 7 years, the last several of which I served as Board Chair. The organization does critical work supporting some of our most vulnerable residents. Kathy and her staff are true professionals and deeply committed to the community. I am confident that whomever fills my seat on the Board will value the work and feel valued by the Outreach team.

Kind regards,
Molly Frankel

TOWN OF MEDFIELD, MASSACHUSETTS

AGREEMENT

THIS AGREEMENT made this **18th of February** in the year **Two Thousand and Twenty Five** between **American Service Company, LLC** with a usual place of business at **35 Hanna Street, Quincy, MA 02169** hereinafter called the **CONTRACTOR**, and the **Town of Medfield**, with a usual place of business at **459 Main Street, Medfield, MA, 02052**, hereinafter called the **OWNER**.

The CONTRACTOR and the OWNER, for the consideration hereinafter named, agree as follows:

1. Contract Documents

The Contract Documents consist of this Agreement together with the Town of Medfield's IFB document dated 12/18/2025 (Attachment A) and Contractors FORM FOR GENERAL BID (IFB document Page 10). The Contract Documents constitute the entire Agreement between the parties concerning the services and all are as fully a part of this Agreement as if attached hereto. In the event of conflicting provisions, the language of this Agreement shall govern provided that if the conflict relates to quantity or quality of goods or services, the greater quantity or higher quality specified shall be required.

2. Scope of Work

The scope of work includes supplying all labor, materials and equipment to fully replace the fire alarm system at the Medfield Public Library in accordance with the Town of Medfield's Fire Alarm Replacement IFB document.

3. Contract Price

The Owner shall pay the Contractor for the performance of this Agreement, subject to additions and deductions provided herein, in current funds, **the sum of \$83,000.00**

4. Commencement and Completion of Work

It is agreed that time is of the essence of this Agreement. The Contractor shall commence and prosecute the work under this Agreement upon execution hereof and shall complete the work **before May 30th, 2025**.

- A. Definition of Term: The Term "Substantial Completion" shall mean the date certified by the Owner when services are sufficiently complete, in accordance with the Contract Documents, so the Owner may occupy the project, or designated portion(s) thereof, for the use for which it is intended.
- B. Time as Essential Condition: It is understood and agreed that the commencement of and substantial completion of the work are essential conditions of this Agreement. It is further agreed that time is of the essence for each and every portion of the Contract Documents wherein a definite and certain length of time is fixed for the performance of any act whatsoever; and where under the Contract Documents any additional time is allowed for the completion of any work, the new time fixed by such extension shall be of the essence of this Agreement. It is understood and agreed that the times for the completion of the work are reasonable, taking into consideration the average climatic range and usual industrial conditions prevailing in this locality.
- C. Progress and Completion: Contractor shall commence work promptly upon execution of this Agreement and shall prosecute and complete the work regularly, diligently and uninterruptedly at such a rate of progress as will ensure Substantial Completion within the stipulated number of calendar days.
- D. Liquidated Damages: It is expressly agreed between the Contractor and the Owner that the Contractor will be responsible for all damages which may arise due to the Contractor's failure to substantially complete the work within the above specified time. If the Contractor shall neglect, fail or refuse to complete the work within the specified number of days, or any extension thereof authorized by the Owner, Contractor agrees, as a part of the consideration for the execution of this Contract by the Owner, to pay the Owner the amount specified herein, not as a penalty, but as liquidated damages for such breach of contract as hereinafter set forth, for each and every calendar day, excluding Saturdays, Sundays and legal Holidays, that the Contractor shall be in default of Substantial completion after the date specified in the Agreement. Due to the impracticability and extreme difficulty of fixing and ascertaining the actual damages the Owner would in such event sustain, said amount is agreed to be the amount of damages which the Owner would sustain, and said amount shall be retained from time to time by the Owner from current periodic estimates. The amount of liquidated damages shall be **\$500.00 per day.**

5. Performance of the Work

- A. Direction of the Work: The Contractor shall supervise and direct the Work, using his best skills and attention which shall not be less than such state of skill and attention generally rendered by the contracting profession for projects similar to the Project in scope, difficulty and location. The Contractor shall maintain adequate supervisory personnel at the project site during the performance of the Work. He shall be solely responsible for all

means, methods, techniques, sequences and procedures and for coordinating all portions of the Work under the Agreement.

B. Responsibility for the Work:

(1) The Contractor shall be responsible to the Owner for the acts and omissions of his employees, Subcontractors and their agents and employees, and other persons performing any of the Work under a contract with the Contractor. This obligation shall also extend to the presence on the Site of suppliers of materials or equipment, their employees, contractors, and agents engaged in the work.

(2) The Contractor shall not be relieved from his obligations to perform the Work in accordance with the Contract Documents either by the activities or duties of the Owner in its administration of the Agreement, or by inspections, tests or approvals required or performed by persons other than the Contractor.

C. Permits and Fees: Unless otherwise expressly provided, the Contractor shall secure and pay for all permits and fees, licenses and inspections necessary for the proper execution and completion of the Work which are customarily secured after execution of the Agreement and which are legally required at the time the bids are received, and the same shall at all times be the property of the Owner and shall be delivered to the Owner upon completion of the Project. In the event a permit fee is required, Owner shall reimburse Contractor for the cost of the permit.

D. Notices, Compliance With Laws:

(1) The Contractor shall give all notices and comply with all federal, state and local laws, ordinances, rules, regulations and lawful orders of any public authority bearing on the performance of the Work. The Contractor shall provide the Owner with reproductions of all permits, licenses and receipts for any fees paid. The Owner represents that it has disclosed to the Contractor all orders and requirements known to the Owner of any public authority particular to this Agreement. The CONTRACTOR shall report and be responsible to the OWNER or its designee.

(2) If the Contractor observes that any of the Contract Documents are at variance with applicable laws, statutes, codes and regulations in any respect, he shall promptly notify the Owner in writing, and any necessary changes shall be accomplished by appropriate modification.

(3) If the Contractor performs any Work which he knows or should know is contrary to such laws, ordinances, rules and regulations, and without such notice to the Owner, he shall assume full responsibility therefor and shall bear all costs attributable thereto.

(4) In the performance of the Work, the Contractor shall comply with all applicable federal, state and local laws and regulations including those relating to workplace and

employee safety. The Contractor shall notify the Owner immediately of any conditions at the place of the work that violate said laws and regulations.

- E. **Project Superintendent:** The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site at all times during the progress of the Work. He shall at all times safely guard and protect his own work, and that of adjacent property from damage. The Contractor shall replace or make good any such damage, loss or injury. The Contractor shall clean the work area and restore it to its original condition upon completion of the work.
 - I. **Quality of the Work:** The Contractor shall perform the work in a good, workmanlike manner. The Contractor hereby guarantees that the entire work constructed by him under the Agreement will meet fully all requirements thereof as to quality of workmanship. The Contractor shall ensure that all workers shall meet the qualifications as required by the License Agreement. All equipment installed shall be installed in compliance with the manufacturer's instructions. The Contractor hereby agrees to make at his own expense any repairs or replacements made necessary by defects in materials or workmanship supplied to him that become evident within one (1) year after the date of the final payment, and to restore to full compliance with the requirements set forth herein any part of the work constructed hereunder, which during said one (1) year period is found to be deficient with respect to any provisions of the Contract Documents. The Contractor also agrees to hold the Owner harmless from claims of any kind arising from damage due to said defects. The Contractor shall make all repairs and replacements promptly upon receipt of written orders for the same from the Owner. If the Contractor fails to make the repairs and replacements promptly, the Owner may do the work and the Contractor shall be liable to the Owner for the cost thereof.
6. **Warranties:** The Contractor guarantees that the goods sold are merchantable; that they are fit for the purpose for which they are being purchased; that they are of uniform quality and consistency and absent from any latent defects and that they are in conformity with any sample, which may have been presented to the Town. The Contractor warrants that all work will be performed in a good and workmanlike manner and in strict conformity with the Contract Documents. The Contractor shall replace, repair, or make good, without cost to the Town, any defects or faults arising within one (1) year after date of Town's acceptance of articles furnished hereunder (acceptance not to be unreasonably delayed) resulting from imperfect or defective work done or materials furnished by the Contractor.
7. **Wage Rates**

Prevailing Wage Rates as determined by the Commissioner of the Department of Labor and Workforce Development under the provisions of Massachusetts General Laws, Chapter 149, Section 26 to 27G, as amended, apply to this project. It is the responsibility of the Contractor to provide the Town with certified payrolls and to comply with all requirements of the above-cited statutes.

8. Payment for Work

The Town shall pay the Contractor in the amount of **\$83,000.00** in accordance with the terms and conditions in the contract. If applicable by law, invoices accompanied by copies of the weekly-certified payroll records shall be submitted for payment by the Contractor to Town on a monthly basis. The Town shall make payments on the basis of the work completed. The Town shall make payments within thirty (30) days after its receipt.

9. Final Payment, Effect

The acceptance of final payment by the Contractor shall constitute a waiver of all claims by the Contractor arising under the Agreement.

10. Terms Required By Law

This Agreement shall be considered to include all terms required to be included in it by the Massachusetts General Laws, and all other laws, as though such terms were set forth in full herein.

11. Indemnification

The Contractor shall defend, indemnify and hold harmless the Owner to the maximum extent permitted by law from and against any and all claims, damages, losses, and expenses, including attorney's fees, arising out of the performance of this Agreement when such claims, damages, losses, and expenses are caused, in whole or in part, by the acts, errors, or omissions of the Contractor or his employees, agents, subcontractors or representatives.

12. Insurance

The Contractor shall provide the following insurance policies. The Town will require a Certificate of Insurance, indicating evidence of General Liability, Automobile Liability with minimum limits of \$2,000,000.00 and Worker's Compensation (per Statute). The Town will require the Certificate of Insurance to include naming the Town of Medfield as an additional insured.

The Contractor shall purchase and maintain such insurance as will protect both the Owner and the Contractor from claims which may arise under the Agreement, including

1. claims under workers' compensation, disability benefit and other applicable employee benefit acts;

6. claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance or use of any motor vehicle.
7. claims involving contractual liability applicable to the Contractor's obligations under Article 13

Except for Workers' Compensation, all liability coverage shall name the Town of Medfield as an additional insured and shall provide for 30 days prior written notice to the Town of any modification or termination of coverage provided thereby. The Contractor shall provide the Owner with appropriate certificate(s) of insurance evidencing compliance with this provision prior to the commencement of any work under this Agreement.

13. Notice

In the event that the Agreement is terminated pursuant to this subparagraph, the Contractor shall be reimbursed in accordance with the Contract Documents for all Work performed up to the termination date, and for all materials or equipment not incorporated in the Work, but delivered and suitably stored at the site. Payment for material or equipment stored at the site shall be conditioned upon submission by the Contractor of bills of sale or such other evidence as is satisfactory to the Owner to establish the Owner's title to such material or equipment or otherwise protect the Owner's interests.

15. Claims and Disputes and Resolution Procedure

Claims, disputes, or other matters in question in Town and contractor or any other party claiming rights under this agreement relating to or arising from the Project, the Work, or interpretation of any terms of the Contract or Contract Documents shall be resolved only by a civil action commenced in the Superior Court Department, Norfolk County, or District Court Department, Dedham Division of the Massachusetts Trial Court; in the alternative, private arbitration or mediation may be employed if the parties mutually agree in writing to do so.

16. Prohibition of Contractor's Withholding Performance

Contractor shall not delay, suspend, or curtail performance as a result of any dispute regarding changes in and/or interpretations of the terms or scope of the contract and/or denials of a failure to act upon claims for payment for extra work or materials but shall proceed with the work as it would were there no dispute.

17. Miscellaneous

- A. **Royalties and Patents:** The Contractor shall pay all royalties and license fees. He shall defend all suits or claims for infringement of any patent rights and shall save the Owner harmless from loss on account thereof, except that the Owner shall be responsible for all such loss when a particular design, process or the product of a particular manufacturer or manufacturers is specified; but if the Contractor believes or has reason to believe that the design, process or product specified is an infringement of a patent, he shall be responsible for such loss unless he promptly gives such information to the Owner, and thereafter the Owner insists on the use of the design, process or products specified.

SCOPE OF WORK:

Public Library Window Preservation
Town of Medfield, MA

January 7, 2025

The Medfield Public Library was originally constructed back in 1917, with a more recent addition that was completed in 1998. The windows on the original building have been damaged by water infiltration in the past, and as a result there is damage to the windows and the surrounding walls. The intent of this project is to ensure there is a weather-tight envelope around the windows by replacing the existing sealant, then restoring the condition on the inside of the building by repairing the damaged walls and window elements.

RFIs & Responses - Addendum #2

Dated 1/24/2025

This Addendum #2 includes the following questions & responses #1-6

1. Question: The base bid scope of work: 7b. there is reference to: "Restored interior window areas, including water-damaged drywall, to pre-damage appearance" Please advise?
Answer: This item should be deleted from the base bid scope of work. This only applies to the alternate.
2. Question: What will the working hours be? For the interior work, will the spaces be closed down?
Answer: The work can take place during normal working hours (7AM-3PM), the interior work in each area will need to be closed down for containment purposes. The library typically opens at 10 AM each day but they are amenable to closing each area while repairs are taking place.
3. Question: There is an additional window in the Historical Room (Periodical Room) it is not located on an exterior wall but should it be included in the scope?
Answer: This window (7th window) should be included as an alternate price to 'restore' the appearance as described in the Alternate scope item.
4. Question: What type of sealant should be used on the exterior?
Answer: DOW 795 structural sealant or equal
5. Question: How will Police Details be handled?
Answer: Police details will be coordinated by the Town, but the contractor needs to provide advance notice (minimum 72 hours).
6. Question: The completion date is listed as May 2, 2025. The exterior work will be weather dependent. Is this a hard deadline?
Answer: The completion date can be revised to the end of the month: May 30, 2025

Mr. Frank Gervasio
Assistant Town Administrator
Town of Medfield

**Re: Proposal for Professional Services – Hinkley Pond Modular Structure
55-59 Green Street, Medfield, Massachusetts**

Dear Mr. Gervasio,

BETA Group, Inc. (BETA) is pleased to provide this proposal to the Town of Medfield. (“Town” or “CLIENT”) to provide engineering, design, and permitting services associated with the proposed modular building to be located at 55-59 Green Street, Medfield, Massachusetts.

PROJECT DESCRIPTION

The PROJECT includes the installation of a modular structure (approximate dimensions of 48’ x 60’) and associated limited site work at the Hinkley Pond property located at 51 Green Street in Medfield. The Town has provided plans for the proposed modular structure, record survey plan (PDF) for the project site and has provided some general guidance on desired location. The PROJECT will include the following tasks: preparing a conceptual site plan; preparing Issued for Permitting (IFP) site plans; and preparing Permitting Submittals.

SCOPE OF SERVICES

ENGINEER’S services shall be as listed below.

TASK 1: PREPARATION OF CONCEPTUAL SITE PLAN

Under this task, BETA will prepare a conceptual site plan depicting the location of the proposed modular structure. The proposed location of the garage building will be based on guidance from the Town of Medfield. Detailed design information will not be provided as part of this task, and it is assumed that the structure will be located outside of required setbacks and buffer zones to wetland resources and sited to avoid conflicts with existing utilities. Existing conditions will be based upon publicly available GIS, aerial imagery, or record survey information provided by the Town, if available, and any significant visible site features (e.g. ledge outcroppings, tree lines, fences, etc.), which will be approximately located in the field by BETA within 25 feet of the proposed structure. The Town of Medfield will be responsible for the following tasks:

- Confirmation that the proposed structure and associated site work are located outside wetland resource areas and buffer zones.
- Confirmation that the proposed structure will not impact existing utilities and is located so that new utilities can be provided, to the extent necessary.
- Confirmation that depicted property lines, ownership, easements, etc. are current and accurate.

This task also includes one virtual meeting with the Town, if requested, to discuss the conceptual Site Plan.

The deliverable will be a concept plan, provided on one plan sheet and will be submitted electronically.

TASK 2: PREPARATION OF ISSUED FOR PERMITTING (IFP) SITE DESIGN PLANS.

Following acceptance of the Conceptual Site Plan by the Town, BETA will prepare design plans, stamped by a professional engineer, for the proposed work in sufficient detail for the purposes of meeting Site Plan Review requirements, excluding any survey requirements. The site design plans will include the location of a new modular structure and modifications to the existing site, including but not limited to, minor grading, accessible parking designation, signage, tree removal, and fence relocation, as necessary, to accommodate the new structure. The plan set is anticipated to include a cover sheet, general notes, existing conditions plan, construction plan, and construction details (if required).

The PROJECT is anticipated to disturb less than 1 acre and will not be subject to the Stormwater Management Bylaw; however, as the site is located within the Aquifer Protection Overlay District a stormwater Project Review Application will need to be prepared and filed with the Board of Health. It is anticipated that the PROJECT will not result in an increase in impervious area or require stormwater mitigation for the control of peak flow rates. A draft stormwater management summary will be prepared documenting compliance with Board of Health regulations and includes the design of one subsurface infiltration system (e.g. leaching basins) to capture and treat the “first flush” of precipitation of the new roof area. It is anticipated that the DPW will perform any required test pits and BETA will perform the soil evaluation. If additional stormwater management analysis or design is required for the control of peak flow rates or treatment beyond the area of the new roof it will be provided as an additional scope.

The deliverables will be an IFP level project plan set depicting design features in accordance with the above and a draft stormwater management summary, which will be submitted electronically to the CLIENT for review and comment.

TASK 3: PREPARATION OF PERMITTING SUBMITTALS

Under this task, BETA will incorporate minor revisions based on CLIENT comments on IFP plans and prepare concurrent submittal packages to support an application for Site Plan Review with the Planning Board and a Project Review Application with the Board of Health. The submittal packages will include application form, zoning chart, narrative, IFP Plans, and Stormwater Management Summary. It is anticipated that the Town will be the Applicant and will be exempt from local filing fees.

BETA will prepare for and attend up to two (2) Planning Board public hearings and up to two (2) Board of Health Public hearings. It is anticipated that all public hearings will be attended virtually. Minor revisions requested by the Boards during the initial hearings will be incorporated into a revised application package and be resubmitted.

Additionally, this task will include the preparation, printing, and submittal of application documents to the Boards and Town of Medfield, if requested. The cost of preparation, materials, mailing, and other incidentals are included in the fee for this task.

The deliverable will be up to two (2) application packages suitable for concurrent submittal to the Town of Medfield Planning Board and the Board of Health.

SERVICES AND FEES NOT INCLUDED

The following services are not included; if required, they will be provided as an additional service:

- Wetland resource area delineation
- Field survey

- Permitting with the Massachusetts Department of Environmental Protection, Town of Medfield Conservation Commission, Medfield Building Department, or any other Town, State, or Federal Department not included in the above Tasks.
- Stormwater management analysis and design, except as listed above

- Application fees, filing fees, or any other fees required by the project.
- Preparation of legal notices or abutter notifications
- Structural or architectural design
- Lighting design or photometric analysis

- Traffic or parking counts
- Preparation or recording of easement plans
- Hazardous materials sampling/testing
- Coordination with the Fire Department for emergency site access and circulation.
- Preparation of specifications and bid documents.

FEE ESTIMATE

Payment for services as outlined above, based on a time and materials basis, shall be a Not to Exceed Fee of **\$17,900** without prior approval from the Town. The following provides a breakdown of the project costs, which are not intended to be individual ceilings but rather a general representation of the estimated fee per task:

Project Task	Cost
Task 1: Conceptual Site Plan	\$4,300
Task 2: Issued for Permitting Site Design Plans	\$5,800
Task 3: Permitting Submittals	\$7,800
Total	\$17,900

Very truly yours,

Re: MBI Broadband Equity, Access, and Deployment Program

To whom it may concern,

On behalf of the Town of Medfield we are happy to submit this letter in support of Comcast's proposal to work with MBI to connect unserved areas. The MBI Broadband Equity, Access, and Deployment Program will fund broadband to unserved areas. We are pleased that Comcast plans to deploy qualifying broadband service to additional locations in Medfield.

Comcast has been providing broadband service in nearby areas for many years and is well positioned to partner with the state on this project, bringing broadband access to additional households and businesses.

Comcast has demonstrated its commitment to bringing broadband service to these unserved areas and we look forward to working with them on these efforts. By accepting Comcast's proposal, MBI will help bring us one step closer to our goal as well as moving forward the broader goal of deploying broadband infrastructure to unserved areas in Massachusetts.

Thank you for your time and consideration of this proposal. If you have any further questions related to this letter, please feel free to contact us.

Sincerely,

Eileen M. Murphy
Chair, Medfield Select Board

Program Overview

The National Telecommunications and Information Administration's (NTIA) BEAD Program provides \$42.45 billion to expand high-speed internet access across the U.S. states and territories. The Commonwealth of Massachusetts has been allocated BEAD funding totaling \$147 million to support expansion of broadband access to Unserved and Underserved Locations. The Executive Office of Economic Development (EOED), working in close collaboration with MBI, is managing the Commonwealth's BEAD funding. EOED is the prime recipient and responsible for the delivery, reporting, and compliance related to the funding. **The BEAD program in Massachusetts aims to provide universal broadband access and support digital equity initiatives. The goal is that the BEAD deployment program will achieve its 100% availability goal.**

EQUIPMENT COMPATIBILITY

Xfinity TV service is encrypted and requires a TV Box, TV Adapter, CableCARD or other navigation device that is compatible with our system for each television you wish to use with our service. You may not be able to use special features or functions of your television, VCR or DVD player/recorder with Xfinity TV service. Some of these problems may be resolved by the use of signal splitters, and/or other supplemental equipment that can be purchased from us or at electronic stores. Please call us if you would like to discuss the type of special equipment needed to resolve individual compatibility problems or if you have any questions regarding other equipment compatibility issues.

If you have a TiVo digital cable-ready DVR, you can access switched digital video services by obtaining a "tuning adapter" device. If you have a TiVo DVR or other digital cable-ready devices, you will need a TV Box, TV Adapter, or CableCARD from us to access switched digital video and other two-way cable services. Upon your request, we will provide you with the technical parameters necessary for a navigation device rented or acquired from retail outlets to operate with our system. Because of the need to protect our Xfinity TV service, we will not authorize the use of a navigation device that does not conform to all required signal security specifications. For information regarding other navigation devices, please go to <https://www.xfinity.com/support>.

REMOTE CONTROL UNITS

If you rent a TV Box or TV Adapter from us we will provide a compatible remote control. Also, you may purchase a compatible remote at local electronic stores or other retail outlets. We suggest that you review the remote manufacturer's website prior to purchasing the device to confirm compatibility with Xfinity equipment and your TV set.

MUDANZAS

Antes de mudarse, ingrese en <https://es.xfinity.com/moving>. Esta es la mejor manera de coordinar la desconexión del servicio y programar la instalación en su nuevo hogar si el mismo está dentro de nuestra zona de servicio.

COMPATIBILIDAD ENTRE EQUIPOS

El servicio Xfinity TV está cifrado y requiere, por cada televisor con el que desee usar el servicio, un decodificador de TV, un adaptador de TV, una tarjeta CableCARD u otro dispositivo de navegación que sea compatible con nuestro sistema. Posiblemente no pueda utilizar funciones o características especiales de su televisor, su videogradora o su reproductor/grabador de DVD junto con el servicio Xfinity TV. Algunos de estos problemas se pueden resolver mediante el uso de divisores de señal y/u otros equipos complementarios que se pueden comprar en nuestra empresa o en tiendas de electrónica. Llámenos si quiere discutir qué tipo de equipos especiales necesitaría para resolver problemas de compatibilidad específicos o si tiene preguntas acerca de otros problemas de compatibilidad entre equipos.

Si tiene una videogradora digital TiVo apta para televisión por cable, puede acceder a servicios de video digital conmutados mediante un "adaptador de sintonización". Si tiene una videogradora digital TiVo u otros dispositivos digitales aptos para televisión por cable, necesitará que le proveamos un decodificador de TV, un adaptador de TV o una tarjeta CableCARD para acceder al servicio de video digital conmutado y a otros servicios bidireccionales por cable. Si lo solicita, le proporcionaremos los parámetros técnicos necesarios para un dispositivo de navegación que alquile o compre en nuestros puntos de venta minorista para usar con nuestro sistema. Debido a la necesidad de proteger nuestro servicio Xfinity TV, no autorizaremos el uso de dispositivos de navegación que no cumplan con todas las especificaciones necesarias para la seguridad de la señal. Para obtener información sobre otros dispositivos de navegación, visite <https://es.xfinity.com/support>.

UNIDADES DE CONTROL REMOTO

Si usted alquila uno de nuestros decodificadores o adaptadores de TV, le proveeremos un control remoto compatible. También puede comprar un control remoto compatible en una tienda electrónica local u otro punto de venta minorista. Le sugerimos que visite la página web del fabricante del control remoto antes de adquirir el dispositivo, para que confirme la compatibilidad del mismo con el equipo Xfinity y su televisión.

CAMBIOS EN EL SERVICIO E INSTALACIÓN

Las instalaciones estándar generalmente se terminan en el transcurso de 7 días hábiles. Si cambia los servicios que recibe, es posible que se le cobre una tarifa de instalación o una tarifa por cambio de servicio. Para obtener más información sobre nuestros servicios, tarifas y precios actuales, visite es.xfinity.com o llámenos al 1-800-XFINITY.

RECIENTES Y PRÓXIMOS CAMBIOS EN LA PROGRAMACIÓN

Para obtener información sobre los más recientes y próximos cambios en la programación visite <https://es.xfinity.com/programmingchanges/> o llame al 866-216-8634.

INFORMACIÓN ADICIONAL

Para aquellos clientes que reciben el servicio a través de una cuenta comercial, acuerdos de tarifas grupales o acuerdos similares, es posible que no correspondan algunas de las políticas, procedimientos o servicios que se describen en el presente documento. Llámenos al 1-800-XFINITY para hablar con uno de nuestros representantes de atención al cliente y obtener más información.

Comcast Xfinity Privacy Policy

Effective January 1, 2024

We know you care about your privacy and the protection of your personal information[Ⓓ]. We also know it is our responsibility to be clear about how we protect your information. We designed this Privacy Policy to do just that. It explains the types of personal information we collect, and how we collect, use, maintain, protect, and share this information. This Privacy Policy also tells you about the rights and choices you may have when it comes to your personal information.

Some of what we say in our Privacy Policy is required by law, and may at times seem long and complicated, but we've worked hard to try to make our Privacy Policy easy to understand and provide examples where possible. The Xfinity Privacy Center (www.xfinity.com/privacy) includes more information about:

- How to review and manage your personal information and account activity
- How to manage your preference, including setting your marketing and advertising preferences, and restricting certain uses and sharing
- How you can better protect yourself online

You can review this Privacy Policy and the information in the Xfinity Privacy Center anytime. If you still have questions, you can [contact us](#)[Ⓓ] for more information.

WHEN THE PRIVACY POLICY APPLIES

This Privacy Policy applies to the information we collect when you use or interact with the business entities, products, services, networks, and platforms[Ⓓ], including our websites, mobile apps, and other services and devices where this policy is referenced. These may include Xfinity-branded services, Comcast-branded Services, Xumo-branded Services, and other products and services we deliver. This Privacy Policy also applies when you otherwise interact with us. We'll refer to all of these as our "Services" in this Privacy Policy. It also applies to the information we collect about you from third parties.

This Privacy Policy does **not** apply to the other products, services, websites, and applications[Ⓓ] (mobile or television) that you may use or interact with through Xfinity platforms.

Learn more about when the Privacy Policy applies

Because this Privacy Policy describes the privacy practices for all of our Services, some parts may not apply to you. For example, if you do not subscribe to Xfinity Voice (home phone service) or Xfinity Mobile, we will not collect call detail information. If you do not subscribe to Xfinity Home, we will not collect home security event information.

Some Services may have additional privacy practices that may be described to you in different ways, such as in a separate contract for Comcast Business Services. To the extent there is an overlap between this Privacy Policy and a Service-specific privacy policy, the Service-specific policy or agreement will control with respect to that Service.

This Policy does **not** apply to the non-Xfinity products, services, websites, and applications that you may use through the Xfinity platforms and we are not responsible for the practices of the companies providing those offerings. For example, if you subscribe to Xfinity Internet and visit a news or shopping website, the privacy policy for that website will apply. If you use one of our platforms to use another company's streaming service, the privacy policy for that streaming service will apply to information it collects about your activity within the app. Likewise, if you connect your smart thermostat to your Xfinity Home security and automation service, the privacy policy of the smart thermostat company will apply to the information it collects. For more information about how these non-Xfinity products, services, websites, and applications use your information, please review their privacy policies.

THE PERSONAL INFORMATION WE COLLECT AND HOW WE COLLECT IT

To provide you with our Services, we collect your personal information. This can include information that does not personally identify you — such as device numbers, IP addresses, and account numbers. It may also include information that does personally identify you, such as your name, address, and telephone number. We call any information that identifies you "personally identifiable information" or "PII."

If you allow others to use your Services, we will also collect personal information about those individuals. If you use our Services through someone else's account, we will collect information about you, but it may not identify who you are to us. We may also collect information about you from third parties[Ⓓ].

We collect this information to provide our Services, communicate with you, respond to your requests[Ⓓ], and to tailor our Services[Ⓓ] to best meet your needs and interests.

Learn more about the information we collect and see examples

- **Contact Information** — Information such as your full name and telephone number that we use to stay in contact with you
- **Account Information** — Information we use to identify who you are and/or to provide or maintain your account and Services, which may include biometric information, such as audio recordings and facial scans when used as a means of identification

- **Demographic and Interest Information** — Information we obtain from other companies to better tailor our programming, marketing, and advertising services to you
- **Service Activity Information** — Information associated with your use of our Services

In some cases, California requires that we use different names to describe the categories of information that we collect. For more information about these categories, please see the "Additional information regarding other laws and individual rights" section of this Privacy Policy.

How We Collect Personal Information

We collect personal information about you in several ways.

1. Directly from you when you create an account, interact with our customer service, or interact with us on behalf of your business, such as:

- Contact information, which may include your name, mailing address, email address, or telephone number
- Login credentials for our Services, such as your username and password
- Information regarding your preferences for your experience on the Services, such as your settings and other information you provide us to enable personalization of content
- Biometric information, such as audio recordings for voiceprints and facial scans that we create in the identity verification process
- Customer communications records, including records of calls and chats with our customer service representatives
- Information that you provide when interacting with us on our social media pages, message boards, and other forums, including your username, profile pictures, and comments, as well as information you publicly share about us

- Payment information, such as your credit/debit card or other financial account information
- Your Social Security number
- Your driver's license, state identification cards, or other forms of identification
- Legal documents, such as documentation of the authority to act on behalf of another person

2. When you use or interact with our Services, such as:

- Household and device video selection and viewing activity[Ⓓ]
- Voice commands and audio recordings made through voice activated devices that are part of the Services, such as the Voice Remote or our app-based remote
- Geolocation information on where you are at a specific point in time based on your service address to help us authenticate you[Ⓓ] for certain services on our platform
- IP addresses, device identifiers, and network equipment addresses when devices connect to our Services, and other device information, including information about Devices provided by other companies from which you use our Services
- User activity information on our websites and applications using cookies and other technologies (Cookie Notice: www.xfinity.com/privacy/policy/cookienotice) and information provided by other companies when you integrate their services with our Services[Ⓓ]
- Domain Name Server or "DNS"[Ⓓ] searches and network traffic activity[Ⓓ] when you use our Services, such as Xfinity Internet, Xfinity Mobile or Xfinity WiFi
- Geolocation information that indicates where your device is at a specific point in time when you use Xfinity Mobile[Ⓓ] or enable that function in our mobile apps[Ⓓ]
- General location information, such as the city or ZIP Code that correlates with the location of a WiFi service access point or with the lease of your device IP address when you use Xfinity Internet or Xfinity WiFi
- The quantity, technical configuration, type, features, call history, and amount of your use of voice services (known as Customer Proprietary Network Information or "CPNI")
- Video and audio recordings, live video and audio streams, motion activity, images, and other events that are captured or recorded when using our Services. For example, this may include capturing video, audio, or motion information (if you have turned these features on) when you use Services such as Xfinity Home security and automation

3. From third parties, such as:

- Credit reporting agencies and other entities that provide credit scoring, identity verification, fraud prevention, and similar services
- Landlords and property owners that provide contact and other information
- Government entities that offer public records
- Consumer data providers that offer [demographic](#)^①, [interest](#)^①, [purchase](#)^①, and other data that we use to tailor our marketing and communications to your interest
- Providers of third-party apps that you use on devices governed by this privacy policy
- Social networks and other publicly available data, like Facebook^①
- Online advertising companies who may share information about the marketing and advertisements you have seen or clicked on

We do not knowingly allow others to collect personally identifiable information about your online activities over time and across third-party websites when you use our online Services. For more information about cookies and other online tracking technologies, please visit our Cookie Notice (www.xfinity.com/privacy/policy/cookie/notice); to manage your preferences, please visit the Xfinity Privacy Preferences Center (www.xfinity.com/privacy/your-privacy-choices). You can also use a browser that offers you the ability to use the Global Privacy Control to communicate your privacy preferences to us when you visit our websites; please note that this will not affect how we process your information when you interact with our products and services. In some of our Services, such as Xumo TV, we may also use technologies to attempt to recognize when different devices are used by the same individual.

Because definitions and rules for a "Do Not Track" standard have not yet been established, including whether such signals must be user-enabled, Comcast does not yet respond to "Do Not Track" signals sent from browsers.

HOW AND WHEN WE USE INFORMATION, INCLUDING FOR MARKETING AND ADVERTISING

WHEN AND WITH WHOM WE SHARE INFORMATION

You are in control of your data. We do not sell, and have never sold, information that identifies who you are to anyone. This includes your Internet usage information, video usage information, or call detail information. If you participate in offers that require us to disclose your identifiable data, we will, but only at your direction and with your consent.

We share personal information with others when it's needed to provide you with our Services, including with credit reporting agencies. We also share personal information with others:

- When required by law or to respond to legal process

We may also share personal information that does not identify you with third parties for their own marketing and advertising purposes, which you can opt out of. This mainly occurs when you interact with our websites and mobile applications that contain third-party cookies or other advertising trackers. To learn more about this, please read our Cookie Notice (www.xfinity.com/privacy/policy/cookie/notice).

Learn more about when and with whom we share information

The Comcast Family of Businesses

If Comcast shares the personal information it collects about you with separate Comcast companies, such as NBCUniversal-branded companies, to use for their own purposes, we will first give you the choice to opt out of or opt in to any sharing in the Xfinity Privacy Preferences Center (www.xfinity.com/privacy/your-privacy-choices).

Account Owners and Other Authorized Users

We may share information about a customer's account and use of a Service to the primary account owner following appropriate authentication. The primary account owner may also allow others to see information on the account.

Service Providers

To provide and support the Services, sometimes we use other companies as service providers to transmit, collect, process, or store information for us. We require these service providers to treat the information we share with them as confidential and to use it only for providing their services to us. These include:

- **Billing and collection providers**, such as payment processors and organizations that assist us in assessing your credit and payment status
- **Accounting, auditing, and tax providers**
- **Insurance providers**

- **Professional services providers**, such as firms that provide consultative services, assist with improving our programming, provide legal services, or supply project-based resources and assistance

Third Parties

We do not sell, and have never sold, information that personally identifies who you are to anyone. Although permitted by federal law, we do not disclose your name and address to non-governmental entities, such as charities or businesses, for their own marketing purposes.

Sometimes, you may ask us to share information that personally identifies you with another company®. In that instance, we will make sure you give us clear direction about what you want us to share and with whom, before we share that information.

Other sharing with third parties can include:

Social Media Companies

You may interact with parts of our Services that cause information to be published to your social networks. For example, you may click on a Facebook "like" button, which publishes to your Facebook account that you "like" one of our Services. On those parts of our websites with social network functionality, a social network may be able to collect information about you. For example, if a page contains a Facebook "like" button, Facebook may be able to collect data about your visit to that page, even if you don't click on the "like" button. To control this sharing of information, please review the privacy policy of the relevant social network and/or sign out of it before you use our Services.

Online Advertising Partners

We may use cookies or other technology to deliver personalized advertising to you when you visit other websites, including advertising based on the products and services you viewed on our Services. We also allow our partners, including advertisers and service providers, to use cookies and similar tracking technologies when you use our Services. For more information about the use of cookies and other technologies on our online Services, please see the Cookie Notice (www.xfinity.com/privacy/policy/cookie/notice).

Audience Measurement and Analytics Companies

We work with business partners to help us measure and analyze how our customers are using our Services. For video, this includes assessing which programs are most popular, how many people watch a program to its conclusion, whether people are watching advertisements, and what programming and video content we will carry on the Services. It also includes determining how our customers prefer to view certain kinds of programming when they use our Services, such as whether they like to watch certain programs live, or if they prefer to view them on demand, on mobile devices, or online. Our business partners may compile this information into reports with aggregated and anonymous statistics that are then made commercially available (for example, a ratings report that indicates what percentage of viewers watched a particular program live vs. on-demand). Xfinity Stream includes Nielsen's proprietary measurement software, which will allow users to contribute to market research, like Nielsen's television ratings. By visiting www.nielsen.com/digitalprivacy, users can access more information about the measurement software and learn about their choices with regard to Nielsen's measurement.

Non-Xfinity Apps and Partners

Certain Services enable you to interact directly with technology provided by other companies, such as using a non-Xfinity video app® available through our Services, or accessing our Services through another company's platform or device®. When you use our Services in connection with any technology provided by another company, you are directing us to interact with that company and that company may collect information from you and our Services. This Privacy Policy does not cover the privacy practices of other companies. For more information about how those companies use your information, please review their privacy policies. For more information about non-Xfinity apps supported on our video Services, please visit <https://my.xfinity.com/privacy/providers>. Certain apps may also run using technology provided by Metrological, a separate Comcast company not subject to this Privacy Policy, whose privacy practices are described at www.metrological.com/privacypolicy.

Consumer Reporting Agencies

We disclose information that personally identifies you to consumer reporting agencies that may be subject to other laws, including the Fair Credit Reporting Act. These disclosures may include information that helps validate your identity, such as your name, current and former addresses, contact information, Social Security number, government-issued identifiers, your payment history and account status, and other identifying information.

Public Safety Authorities

If you have our Xfinity Voice service, Comcast will disclose your name and contact information to public safety authorities such as 911/E911 and related emergency services.

Directory Services, Assistance, and Caller ID

Your name, address, and telephone number may be sent to publishers to be printed in directories and posted in online directories. Once that information is printed or posted online, it is outside of our control and may be sorted or repackaged and made available again in different formats by anyone, including data aggregators, for a variety of purposes, including marketing. For a fee, you can choose to have a nonpublished number, which means that Comcast will not provide your name, address, and telephone number for publishing in the phone book and online directories. You can also choose to have a published number, but choose the "omit address feature," which means we will not provide your street address for publishing in the phone book and online directories. If initiating service online, select "non-published" option, otherwise call 1-800-XFINITY to sign up.

We may also make your number, name, and address available to directory assistance (411) providers. If you have a nonpublished number, Comcast will not make your number available through directory assistance. Comcast may still share your name and address with the 411 provider when specified by law (but the provider is not authorized to share your non-published number).

Please note: While the non-published feature will keep your name, address, and telephone number out of printed and online directories over which Comcast exercises control, even a non-published phone number may exist in databases not controlled by Comcast – if, for example, your present telephone number or address was previously published under your name, or if you provided this information to businesses or government agencies. One way to help protect your privacy may be to request assignment of a new telephone number (with which your name has not previously been associated). You may also want to activate Caller ID Blocking or select the do-not-call option.

Caller ID provides your name and telephone number to the person you are calling – even if you have a nonpublished number. Per Line Caller ID Blocking will automatically block Caller ID for all calls you make from your registered telephone number and can be activated by calling 1-800-XFINITY. Per Call Caller ID Blocking will block name and number on a per-call basis and can be activated by dialing *86 before each call you want to block.

Potential Purchasers of our Business

If we enter into a potential or actual merger, acquisition, or sale of all or a portion of our assets, then information about you and your subscription will, in most cases, be shared or transferred as part of the transaction. This includes information that personally identifies you. If this Policy will be changed as a result of such a transaction, you should refer below under "Changes to this Privacy Policy."

Government and Other Entities When Required by Law or To Protect Comcast and Others

There are times when we may be required by law to disclose information about you to third parties. This may happen with or without your consent, and with or without notice, in compliance with the terms of valid legal process such as a subpoena, court order, or search warrant.

If you subscribe to our Xfinity Video service, Comcast may be required to disclose information that personally identifies you to a governmental entity in response to a court order. In this case, the Cable Act requires that you be given the opportunity to appear in a court proceeding to contest any claims made in support of the court order, and the governmental entity must offer clear and convincing evidence that you are reasonably suspected of engaging in criminal activity and that the information sought would be material evidence in the case. For more information, see "Your Rights and Our Limitations Under Federal Laws."

If you subscribe to the Xfinity Internet, Voice, Mobile, or Home security and automation Services, Comcast may be required to disclose information that personally identifies you to a governmental entity in response to a subpoena, court order, or search warrant, depending on the type of information sought. We may be prohibited from notifying you of any such disclosures by the terms of the legal process.

A non-governmental entity, such as a civil litigant, can seek information that personally identifies you or your use of the Xfinity Video, Internet, or Voice Services only pursuant to a court order, and we are required by the Cable Act to notify you of such court order. If Comcast is required to give information that personally identifies you to a private third party in response to a civil court order for these or other Services, we will notify you prior to making such disclosure unless legally prohibited from doing so.

We may also disclose information that personally identifies you as permitted by law and without your consent when it is necessary to protect our customers, employees, or property; in emergency

situations; or to enforce our rights under our terms of service and policies.

HOW WE PROTECT YOUR INFORMATION

We follow industry-standard practices to secure the information we collect to prevent the unauthorized access, use, or disclosure of any personal information we collect and maintain. These security practices include technical, administrative, and physical safeguards, which may vary, depending on the type and sensitivity of the information. Although we take the responsibility of safeguarding your personal information seriously, no security measures are 100% effective and we cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose your information. Comcast also takes additional steps to increase the security and reliability of customer communications. We do not read your outgoing or incoming email, file attachments, video mail, private chat, or instant messages. However, we (along with our service providers) use software and hardware tools to help prevent and block "spam" emails, viruses, spyware, and other harmful or unwanted communications and programs from being sent and received over Comcast.net email and the Comcast Services. To help protect you and the Services against these harmful or unwanted communications and programs, these tools may automatically scan your emails, video mails, instant messages, file attachments, and other files and communications. We do not use these tools for marketing or advertising.

HOW LONG WE KEEP YOUR INFORMATION

We keep your personal information for different lengths of time depending on the type of information and the business and legal requirements. For example, if you are a customer, we keep information that personally identifies you as long as you subscribe to one or more of our Services. If you no longer subscribe to a Service, we still may need that information for business and legal requirements, such as to protect against fraud, calculate taxes, or respond to legal requests. Other information is deleted automatically after a set period of time, often set by law, unless we are legally required to hold it longer, such as for pending litigation. We destroy, de-identify, or anonymize the information when it is no longer needed in identifiable form.

THE CHOICES YOU HAVE TO CONTROL OUR USE OF PERSONAL INFORMATION

You have many choices about how we communicate with you and how we use or share your information. You can manage these settings in the Xfinity Privacy Preferences Center (www.xfinity.com/privacy/your-privacy-choices). If you change your mind, you can update your preferences any time.

Learn more about your privacy choices

For your convenience, we have created the Xfinity Privacy Preferences Center (www.xfinity.com/privacy/your-privacy-choices), where you can manage:

- how we process personal information linked to your account for certain uses associated with audience measurement, analytics, and personalized advertising for third-party products and services based on your interests
- whether we use your sensitive personal information for personalized recommendations, advertising, and marketing
- your preferences regarding which cookies are stored by our website in your browser when you visit
- your preferences regarding communications, offers, and notifications from us

You can find out more about the choices you have and set your preferences. If you change your mind, you can return any time to update it. Some of the choices are limited to our use of certain customer information and may require you to sign into your account.

We understand that sometimes you may want to speak to a Comcast representative who can assist you with your choices. You can contact Comcast at 1-800-XFINITY and ask us to put your name on our internal company "do not call," "do not mail," or "do not knock" list.

If you subscribe to Xfinity voice service, when you are interacting with one of our customer service representatives, such as on a call, in our offices, or during an online chat session, we may ask you for your oral consent to the use of your customer proprietary network information or "CPNI" for the purpose of reviewing your account and providing you with an offer for other products and services. If you provide consent, Comcast may use your CPNI only for the duration of that telephone call or discussion in order to offer you additional services. If you deny or restrict your approval for us to use your CPNI, you will suffer no effect, now or in the future, on how we provide any services to which you subscribe.

Additional privacy preferences may be available to you on the devices you use to access the Services.

HOW TO ACCESS AND CORRECT THE INFORMATION IN OUR RECORDS

Part of our commitment to transparency includes giving our customers access to the personal information we have about them. If you subscribe to our Services, you have the ability to see and correct your personally identifiable information through our online account services.

Certain states may give you additional rights, as described in the "Additional information regarding other laws and individual rights" section of this Privacy Policy.

If you subscribe to an Xfinity Service, you may correct or update information in your account by visiting www.xfinity.com or by contacting us as described below. If you are an Xfinity Home customer, you can also correct or update your contact and emergency information in the Xfinity Home app. We will correct our records once we have verified that the changes you request are proper.

If you subscribe to Xfinity TV, Internet, or Voice services and would like to see your own personally identifiable information, other than your customer proprietary network information ("CPNI"), you may do so at your local Comcast office. To do so, please contact us by email at Comcast_Privacy@comcast.com or by phone at 1-800-XFINITY, giving us a reasonable period of time to locate and, if necessary, prepare the information for review, and to arrange an appointment during regular business hours. You will need to have proper identification and will only be able to see the personally identifiable information in your account and no other account.

If you make a written request for a copy of your Xfinity Voice or Mobile CPNI, we will provide you with the relevant information we have by mailing it to your account address, or to any person authorized by you, if we reasonably believe the request is valid. However, subscribers to our Xfinity Voice and Mobile Services should be aware that we generally do not provide them with records of any inbound or outbound calls or other records that we do not furnish in the ordinary course of business (for example, as part of a bill) or which are available only from our archives, without valid legal process such as a court order. In addition, we cannot correct any errors in customer names, addresses, or telephone numbers appearing in, or omitted from, our or our vendors' directory lists until the next available publication of those directory lists. Further, we may have no control over information appearing in the directory lists or directory assistance services of directory publishers or directory assistance providers that are not owned by us.

Comcast reserves the right to charge you for the reasonable cost of retrieving and photocopying any information or documents that you request, where permitted by law.

The Cable Act and Personally Identifiable Information

This Privacy Policy is designed to comply with Section 631 of the Cable Communications Policy Act of 1984, as amended, (the "Cable Act"). The Cable Act permits Comcast to use the cable system to collect personally identifiable information about you. Personally identifiable information is information that identifies you specifically; it does not include de-identified, anonymous, aggregate, or other data that does not identify you. We may collect personally identifiable information when it is necessary to render cable services or other services to you and to detect unauthorized reception or use of the services. We may use the cable system to collect personally identifiable information about you for additional purposes with your prior written or electronic consent. The Cable Act also permits Comcast to disclose personally identifiable information if the disclosure is necessary to render, or conduct a legitimate business activity related to, the cable service or other services provided to you; required by law or legal process; or limited to your name and address, subject to your opt-out consent. The frequency of any disclosure of personally identifiable information varies in accordance with our business needs and activities as described in this Policy.

If you believe that you have been aggrieved by any act of ours in violation of the Cable Act or other applicable laws, we encourage you to contact us directly at Comcast_Privacy@comcast.com in order to resolve your question or concern. You may also enforce the limitations imposed on us by the Cable Act as applicable with respect to your personally identifiable information through a civil lawsuit seeking damages, attorneys' fees, and litigation costs. Other rights and remedies may be available to you under federal or other applicable laws as well.

This Privacy Policy neither supersedes, enhances, nor modifies any arbitration agreement to which you may be bound as a subscriber to one or more of the Services.

The Communications Act and CPNI

Section 222 of the Communications Act of 1934, as amended (the "Communications Act"), provides additional privacy protections for information about the quantity, technical configuration, type, destination, location, and amount of your use of telecommunications services, including Xfinity Voice and Mobile Services, and the information about those services contained on your bills for those

Services. This information is known as customer proprietary network information or "CPNI." CPNI does not include your name, address, or telephone number, which is defined by the Communications Act as "subscriber list information." However, that information is otherwise considered personally identifiable information.

If you are a customer of Xfinity Voice or Mobile Service, or another Service that is subject to these requirements, you have the right, and Comcast has a duty, under the Communications Act and other applicable laws, to protect the confidentiality of your CPNI. In addition, the FCC's rules provide additional privacy protections and choices regarding use and sharing that are specific to our Voice and Mobile service that we describe in this Policy.

Collection, Use, and Retention of Personal Information

The general section of this Privacy Policy describes the types of personal information we collect, how we collect it, how we use it in categories that are easy to understand. The CCPA requires us to disclose the personal information we have collected about consumers in the following categories. Some of the categories include very different types of information within the same category and certain personal information may fall into multiple categories. How we use and how long we keep the information within each category will vary, and not all types of information within the same category will be used for all the purposes listed.

California law also requires us to provide information regarding the criteria we use to determine the length of time for which we retain personal information. We utilize the following criteria to determine the length of time for which we retain personal information:

- The business purpose for which the information is used, and the length of time for which the information is required to achieve those purposes;
- Whether we are required to retain the information in order to comply with legal obligations or contractual commitments, or is otherwise necessary to investigate theft or other illegal activities, to ensure a secure online environment, or to protect health and safety;
- The privacy impact on the consumer of ongoing retention, including the consumer's likely expectations in light of the sensitivity of information and our Privacy Commitments; and
- The manner in which information is maintained and flows through our systems, and how best to manage the lifecycle in light of the volume and complexity of the systems in our infrastructure.

Individual pieces of personal information such as those listed above may exist in different systems that are used for different business or legal purposes. A different maximum retention period may apply to each use case of the information. Certain individual pieces of information may also be stored in combination with other individual pieces of information, and the maximum retention period may be determined by the purpose for which that information set is used.

Products, services, networks, and platforms: Examples of when this policy applies include: Xfinity® TV and Streaming, Xfinity Internet, xFi and Xfinity Advanced Security, Xfinity Voice, Xfinity Stream app, Xfinity WiFi service, Xfinity Home, Xfinity Mobile, Xfinity Flex, Comcast Business Services, Effectv, Xumo, Xumo TV, Xumo Play.

Other products, services, websites, and applications: For example, if you use the Peacock app on your X1 or Xfinity Mobile phone, NBCUniversal's privacy policy will apply to the information collected through that app.

Third parties: Third parties are other companies that collect or maintain information about you and share it with us, such as credit bureaus who share information with us when you sign up for service and consent to a credit check.

Respond to your requests: In order to provide better customer service, we keep track of when you contacted us, what the issue was and what is the best way to get in contact with you.

Tailor our services: We collect data from third parties to better understand your interests and provide personalized offers.

Photographs: For example, we may take a picture of your porch or doorstep with the equipment we deliver to you or aerial photographs of our network to assess network safety and compliance.

Video selection and viewing activity: When you use the video services we directly provide, such as Xfinity TV and the Xfinity Stream app, we know what video selection you made in order to deliver it to you. When you access content from third-party applications on the X1, Flex, or Xumo TV platform, we will only know that you accessed that application, not what you do within those video selections unless you have allowed the sharing of this information.

To help us authenticate you: Some of our services can only be provided in certain geographic areas and require us to know that you are physically located at your service address in order to use them or access information.

Information provided when you integrate other services with our Services: For example, if you download or use another company's tools or features that are compatible with our Services, that other company will collect information about your use of those tools and features and may share additional information with us.

DNS: The address book of the Internet is known as DNS, or Domain Name System. It's how people navigate the Internet. Millions of Comcast customers look up billions of addresses online every day. We delete the DNS queries generated by our Internet customers every 24 hours except in very specific cases where we need to research a security or network performance issue, protect against security threats, or comply with a valid legal request. You may decide to keep that information in your account longer when you enable certain features, such as our advanced security services that allow you to see the websites that are blocked for up to 30 days. But we've never used that data for any sort of marketing or advertising – and we have never sold it to anyone.

Network traffic activity: Where you go on the Internet is your business, not ours. We limit our use of customer network traffic activity to assess how the network is performing; understand trends; stay ahead of capacity demands; build, test, and improve our products and services; and for fraud and security purposes. We do that with a sample of network data and we only connect our customer's network activity to particular individuals when necessary for security or fraud purposes, or required by law.

Xfinity Mobile: We don't sell, and have never sold, your location data when you use our Xfinity Mobile service.

Mobile apps: If you are using a mobile device to access our Services, we may need to know the location of your mobile device or other device in which you have installed one of our applications for certain functionality, such as connecting you to a nearby Xfinity WiFi Hotspot. We will request your consent to collect and use precise geolocation information before we do so. You can prohibit the collection of this information through your device's settings (see "Your Choices") but doing so may limit certain functions and features of our Services.

Demographic: Information like gender, age, and census records.

Interest: Information that indicates your interest in things like sports, travel, or cooking.

Purchase: Information from loyalty program or public records.

Facebook: If you interact with our Services on a device through which you also interact with social networks or if you interact with us through a social media function such as a plug-in (for example, a Facebook "like" button) then you may be permitting us to have on-going access to some information from your social network profile (such as your name, email address, your friend list, photo, age, gender, location, birthday, social networking ID, current city, the people/sites you follow, and so forth). If you don't want a social network to collect the information about you as described above, or you don't want a social network to share it with us and other third parties, please review the privacy settings and instructions of the applicable social network before you interact with our Services.

Measurement and analytics reports for us and others: We and service providers who work on our behalf may combine and use data from our business records – including account information, video activity data, and other usage data – with data from third parties to create measurement and analytics reports. These reports are de-identified or aggregated and do not contain any information that personally identifies you.

We use these reports for many of the purposes described in the Privacy Policy, such as for improving the Services, creating and delivering more personalized advertising on behalf of Comcast and other third parties, determining whether and how an advertiser's messages are viewed, and analyzing the effectiveness of certain advertisements on the Comcast Services and other platforms and services. We also use these reports to work with academic or research groups, and for other uses that help us develop and fund improvements in services and infrastructure. We may share these reports with programmers, advertisers, or others. To learn about the choices you have with respect to our use of your information for these purposes, visit the Xfinity Privacy Preferences Center (www.xfinity.com/privacy/your-privacy-choices).

Opt-in or opt-out settings: For example, if we share personal information that does not personally identify you with others for their own use, we will first give you the choice to opt out of such sharing. In other instances, you may want us to share your name, physical address, or email address with another company, such as when you are signing up for a third-party service through one of our platforms, such as the X1, Flex, or Xumo TV platform. In that instance, we will make sure you give us clear direction to do so, before we pass that information on.

Another company: For example, when you are signing up for a third-party service through our X1 or Flex, you may ask us to share contact information to help you register or log on. Or if you were interested in a product you saw advertised on television and wanted to share your contact information so that the product provider could send you more information, we might present that option to you.

Non-Xfinity video app: For example, when you use Peacock on the X1, Flex, or Xumo TV platform.

Another company's platform or device: For example, when you use the Xfinity Stream app from devices operated by other companies, such as an Apple or Android device.

Vary: For example, the CCPA puts name and social security number in the same category. We may use your name to send you marketing materials for our products, but we will not use your Social Security Number for marketing or advertising.

Customer personal information: (1) Personally identifying information about a broadband customer, including but not limited to the customer's name, billing information, social security number, billing address and demographic data; and (2) information from a customer's use of broadband Internet access service.

Política de Privacidad de Comcast Xfinity

Vigente a partir del 1 de enero de 2024

Sabemos que le importa su privacidad y la protección de su **información personal**®. Sabemos también que tenemos la responsabilidad de ser transparentes acerca de cómo protegemos su información. Diseñamos esta Política de privacidad con ese fin precisamente. En ella se explican los tipos de información personal que recopilamos y cómo recogemos, utilizamos, mantenemos, protegemos y compartimos dicha información. Esta Política de privacidad también le informa sobre los derechos y opciones que tiene con respecto a su información personal.

Parte de lo que afirmamos en nuestra Política de privacidad es requerido por ley y en ocasiones podrá parecer largo y complicado, pero nos hemos esforzado en tratar de que sea fácil de entender y de ofrecerle ejemplos siempre que sea posible. El Centro de privacidad de Xfinity (<https://es.xfinity.com/privacy>) incluye más información sobre:

- Cómo revisar y administrar su información personal y la actividad de su cuenta
- Cómo administrar sus preferencias, que comprende la configuración de sus preferencias de marketing y publicidad, y la restricción de ciertos usos o divulgaciones
- Cómo puede protegerse mejor en línea

Usted puede revisar esta Política de privacidad y la información del Centro de privacidad de Xfinity en cualquier momento. Si aún tiene dudas, puede **contactarnos**® para obtener más información.

CUÁNDO CORRESPONDE ESTA POLÍTICA DE PRIVACIDAD

Esta Política de privacidad corresponde a la información que recopilamos cuando usted utiliza o interactúa con entidades comerciales, **productos, servicios, redes y plataformas**®, incluso nuestros sitios web, aplicaciones móviles y otros servicios y dispositivos donde se hace referencia a esta política. Estos pueden incluir servicios de la marca Xfinity, servicios de la marca Comcast, servicios de la marca Xumo y otros productos y servicios que ofrecemos. La presente Política de privacidad también corresponde cuando usted interactúa con nosotros de cualquier otro modo. En este documento nos referiremos a todos ellos como nuestros "Servicios". Corresponde además a la información acerca de usted que recopilamos de terceros.

Esta Política de privacidad **no** corresponde a **otros productos, servicios, sitios web y aplicaciones**® (móviles o de televisión) que usted pueda utilizar o con los que pueda interactuar a través de las plataformas de Xfinity.

Obtenga más información sobre los casos en que corresponde la Política de privacidad

Dado que esta Política de privacidad describe las prácticas de privacidad de todos nuestros Servicios, es posible que ciertas partes de ella no correspondan en su caso. Por ejemplo, si no se suscribe a Xfinity Voice (servicio de telefonía residencial) o a Xfinity Mobile, no recopilaremos información sobre los detalles de sus llamadas. Del mismo modo, si no se suscribe a Xfinity Home, no recopilaremos información sobre los eventos de seguridad de su hogar.

Algunos de los Servicios podrían tener prácticas de seguridad adicionales que se describirán de distintas maneras como, por ejemplo, un contrato separado para servicios de Comcast Business. En la medida que existiera una superposición entre esta Política de privacidad y la política de privacidad específica de un Servicio, prevalecerá la política de privacidad o el contrato específicos del Servicio en lo que respecta al mismo.

Esta Política **no** corresponde a los productos, servicios, sitios web y aplicaciones que no son de Xfinity pero que usted podría utilizar a través de las plataformas Xfinity y, por lo tanto, nosotros no somos responsables de las prácticas de las empresas que proporcionan esas ofertas. Por ejemplo, si usted se suscribe a Xfinity Internet y visita un sitio web de noticias o de compras, corresponderá la política de privacidad de ese sitio web. Si usa una de nuestras plataformas para acceder a un servicio de **streaming** de otra empresa, la política de privacidad de ese servicio de **streaming** corresponderá a la información que el servicio recopile sobre su actividad dentro de la aplicación. Del mismo modo, si conecta el termostato inteligente de su hogar a su servicio de seguridad y automatización de Xfinity Home, la política de privacidad de la empresa del termostato inteligente corresponderá a la información que el termostato recopile. Para obtener más información sobre cómo estos productos, servicios, sitios web y aplicaciones ajenos a Xfinity utilizan su información, consulte sus políticas de privacidad.

Tenga en cuenta que esto no afectará la manera en que procesamos su información cuando interactúa con nuestros productos y servicios. En algunos de nuestros Servicios, como Xumo TV, también podemos utilizar tecnologías para intentar identificar el uso de diferentes dispositivos por parte de una misma persona.

Debido a que aún no se han establecido definiciones ni reglas para una norma de "No rastrear", ni se ha establecido si las señales del caso deben ser habilitadas por el usuario, Comcast aún no responde a señales de "No rastrear" enviadas desde los navegadores.

Esto incluye información sobre su uso de Internet, video o detalles de llamadas. Cuando participe en ofertas que requieran la divulgación de datos que lo identifiquen, solo los divulgaremos si usted lo indica y lo autoriza.

Compartimos la información personal con otros cuando sea necesario para proporcionarle nuestros Servicios, incluso con agencias de informes crediticios. También compartimos información personal con otros:

- Cuando usted nos instruya a hacerlo, incluso para autorizar a otros usuarios en su cuenta
- Cuando sea requerido por la ley o para responder a un proceso legal
- Para proteger nuestras propiedades o derechos, o la seguridad de nuestros empleados, clientes u otros individuos

Solicitaremos su consentimiento antes de compartir su información personal con otras compañías para sus propias actividades de comercialización y publicidad. Dependiendo del tipo de información personal divulgada, esto podría realizarse a través de una opción de inclusión o exclusión[Ⓓ].

También podremos compartir información personal que no lo identifique con terceros para sus propios fines de comercialización y publicidad, de lo cual usted puede optar por excluirse. Esto ocurre principalmente cuando interactúa con aplicaciones móviles y sitios web nuestros que contienen cookies de terceros u otros rastreadores publicitarios. Para obtener más detalles sobre esto, lea nuestro Aviso sobre cookies (<https://es.xfinity.com/privacy/policy/cookienotice>).

La familia de empresas de Comcast

Si Comcast comparte la información personal que recopila sobre usted con otras empresas de Comcast, como las empresas de la marca NBCUniversal, para utilizarla para sus propios fines, primero le daremos la opción de aceptar o rechazar que se comparta dicha información en el Centro de preferencias de privacidad de Xfinity (<https://es.xfinity.com/privacy/your-privacy-choices>).

Titulares de cuentas y otros usuarios autorizados

Podríamos divulgar información sobre la cuenta de un cliente y su uso de un Servicio al titular principal de la cuenta, una vez autenticado debidamente. El titular principal de la cuenta también podría permitir a otros ver información de la cuenta.

Proveedores de servicios

Con el fin de proporcionar y apoyar los servicios, a veces recurrimos a otras empresas en carácter de proveedores de servicios para transmitir, recopilar, procesar o almacenar información en nuestro nombre. Exigimos a estos proveedores que traten la información que compartimos con ellos como información confidencial y que la utilicen únicamente para prestarnos sus servicios. Estos proveedores incluyen:

- **Proveedores de facturación y cobro**, como procesadores de pagos y organizaciones que nos ayudan a evaluar su situación crediticia y de pagos
- **Proveedores contables, de auditoría e impositivos**
- **Proveedores de seguros**
- **Proveedores de servicios profesionales**, como firmas que ofrecen servicios de consultoría, nos ayudan a mejorar nuestra programación, prestan servicios legales o suministran recursos y asistencia para proyectos específicos
- **Proveedores de servicios estadísticos**, como entidades que analizan el tráfico hacia nuestros sitios web y dentro de ellos, analizan cómo se usan nuestros Servicios, y ayudan a identificar clientes potenciales y comunicarse con ellos
- **Empresas de comercialización, publicidad y ventas** que nos ayudan a crear y llevar adelante programas de comercialización, publicidad y ventas, incluso el procesamiento de pedidos, así como servicios de impresión, correo y comunicaciones electrónicas
- **Proveedores de seguridad**, como las empresas que colaboran con la verificación de incidentes de seguridad y cómo responder a ellos, notificaciones de servicio, prevención de fraudes, verificación y gestión de identidad y autenticaciones
- **Proveedores Informáticos**, como empresas que nos ayudan con el diseño, alojamiento y mantenimiento de sitios web, el almacenamiento de datos y software, y las operaciones de red
- **Servicios de atención al cliente**, lo que incluye servicios relacionados con nuestros centros de llamadas y servicios de instalación, mantenimiento y reparación

Terceros

No vendemos, ni hemos jamás vendido a nadie ninguna información que lo identifique personalmente. Aunque la ley federal lo permite, no divulgamos su nombre ni su dirección a organizaciones no gubernamentales, como entidades benéficas o empresas, para sus propios fines de comercialización.

En ocasiones, usted podría pedirnos que compartamos información que lo identifica personalmente con [otra empresa](#). En tal caso, nos aseguraremos de que nos dé instrucciones claras acerca de qué quiere que compartamos y con quién antes de hacerlo.

La divulgación de información a terceros podría incluir:

Empresas de redes sociales

Su interacción con ciertas partes de nuestros Servicios podría hacer que se publique información en sus redes sociales. Por ejemplo, usted podría hacer clic en un botón "me gusta" de Facebook, lo que publicaría que "le gusta" uno de nuestros Servicios en su cuenta de Facebook. En las partes de nuestros sitios web que cuentan con funciones de redes sociales, una red social podría recopilar información acerca de usted. Por ejemplo, si una página contiene un botón "me gusta" de Facebook, Facebook podría recopilar datos acerca de su visita a esa página, incluso si no hace clic en el botón "me gusta". Para controlar la divulgación de esta información, revise la política de privacidad de la red social correspondiente o cierre sesión en la red social antes de usar nuestros Servicios.

Socios de publicidad en línea

Podríamos usar cookies u otro tipo de tecnología para mostrarle anuncios personalizados cuando visita otros sitios web, los que podrían incluir anuncios basados en los productos y servicios que vio en nuestros Servicios. También permitimos a nuestros socios, incluidos anunciantes y proveedores de servicios, a usar cookies y tecnologías de seguimiento similares cuando usted usa nuestros Servicios. Para obtener más información acerca del uso de cookies y otras tecnologías en nuestros Servicios en línea, consulte el Aviso sobre cookies (<https://es.xfinity.com/privacy/policy/cookie/notice>).

Empresas de estadísticas y medición de audiencias

También colaboramos con socios comerciales que nos ayudan a medir y analizar cómo los clientes utilizan nuestros Servicios. En el caso de video, esto incluye evaluar qué programas son más populares, cuántas personas miran un programa hasta el final, si se miran las publicidades, y qué programación y contenido de video es conveniente ofrecer a través de los Servicios. También incluye determinar cómo prefieren los clientes ver ciertos tipos de programación cuando utilizan nuestros Servicios (por ejemplo, si les gusta ver ciertos programas en vivo o si prefieren verlos por demanda, en dispositivos móviles o en línea). Nuestros socios comerciales pueden compilar esta información en informes con estadísticas combinadas y anónimas que luego se distribuyen comercialmente (por ejemplo, un informe de evaluación que indique qué porcentaje de la audiencia vio un determinado programa en vivo y qué porcentaje lo vio por demanda). Xfinity Stream incluye el software de medición propiedad de Nielsen, que habilita la contribución del usuario a la investigación del mercado, tal como el índice de audiencia de televisión de Nielsen. Visitando www.nielsen.com/digitalprivacy, los usuarios pueden acceder a más información sobre el software de medición y conocer sus opciones con respecto a las mediciones de Nielsen.

Aplicaciones que no son de Xfinity y empresas asociadas

Algunos Servicios le permiten interactuar directamente con una tecnología proporcionada por otras empresas. Esto puede ser mediante el uso de una [aplicación de video que no sea de Xfinity](#) disponible a través de nuestros Servicios, o el acceso a nuestros Servicios a través de la [plataforma o el dispositivo de otra empresa](#). Cuando usted usa nuestros Servicios vinculados con una tecnología proporcionada por otra empresa, nos está indicando que interactuemos con esa empresa y esa empresa puede recopilar información sobre usted y nuestros Servicios. Esta Política de Privacidad no regula las prácticas de privacidad de otras empresas. Para obtener más información sobre el uso que esas empresas hacen de su información, consulte sus respectivas políticas de privacidad. Para obtener más información sobre las aplicaciones que no son de Xfinity y que son compatibles con nuestros Servicios de video, ingrese en <https://my.xfinity.com/privacy/providers>. Ciertas aplicaciones también podrían ejecutarse con tecnología proporcionada por Metrological, una empresa independiente de Comcast que no está sujeta a esta Política de privacidad y cuyas prácticas de privacidad se describen en www.metrological.com/privacypolicy.

Agencias de informes del consumidor

Divulgamos información que lo identifica personalmente a agencias de informes del consumidor que podrían estar sujetas a otras leyes, incluida la Ley de informes crediticios imparciales. Estas divulgaciones pueden incluir información que ayude a validar su identidad, como su nombre, domicilio actual y anterior, información de contacto, número de Seguro Social, identificadores emitidos por el gobierno, su historial de pagos y estado de cuenta, y otra información de identificación.

Autoridades de seguridad pública

Si tiene nuestro servicio Xfinity Voice, Comcast divulgará su nombre e información de contacto a autoridades de seguridad pública como los servicios 911/E911 y otros servicios de emergencia relacionados.

Servicios de información sobre abonados, asistencia e identificación de llamadas

Podríamos enviar su nombre, dirección y número de teléfono a editores para que los impriman en directorios y los publiquen en directorios en línea. Una vez que esa información se imprima o se publique en Internet, estará fuera de nuestro control y cualquier persona — incluidos los agregadores de datos — podrá ordenarla, recombinarla y distribuirla nuevamente en diferentes formatos y para diferentes fines, incluidos fines de comercialización. Por un costo adicional, puede optar por tener un número no publicado, lo que significa que Comcast no proporcionará su nombre, dirección ni número de teléfono para que se publiquen en la guía telefónica ni en directorios en línea. También puede optar por publicar su número pero escoger la opción "omitir dirección", lo que significa que no proporcionaremos su dirección postal para su publicación en la guía telefónica ni en directorios en línea. Si contrata el servicio por Internet, seleccione la opción "*non-published*" (no publicado), de lo contrario, llame a 1-800-XFINITY para adherirse a la opción.

También podríamos distribuir su número de teléfono, nombre y dirección a los proveedores de servicios de información sobre abonados (411). Si tiene un número no publicado, Comcast no distribuirá su número a través de tales servicios. Comcast de todos modos podría compartir su nombre y su dirección con el proveedor del servicio 411 si la ley lo exige (pero el proveedor no estará autorizado a compartir su número no publicado).

Nota: aunque la opción de número no publicado excluye su nombre, dirección y número de teléfono de los directorios impresos y en línea sobre los que Comcast tiene control, un número de teléfono no publicado igual podría formar parte de bases de datos que están fuera del control de Comcast. Esto podría ocurrir, por ejemplo, si su número de teléfono o su dirección actuales se habían publicado anteriormente bajo su nombre, o si usted proporcionó esta información a organismos gubernamentales u otras empresas. Una forma de proteger su privacidad podría ser que solicite la asignación de un

nuevo número de teléfono (con el que su nombre no haya estado asociado anteriormente). También puede optar por activar el bloqueo de la identificación de llamadas o seleccionar la opción "no llamar". La identificación de llamadas proporciona su nombre y número de teléfono a la persona que llama, incluso si tiene un número no publicado. El bloqueo de la identificación de llamadas a nivel de línea bloquea automáticamente la identificación de todas las llamadas que realice desde su número de teléfono registrado. Para activar este bloqueo, llame al 1-800-XFINITY. El bloqueo de la identificación de llamada a nivel de llamada individual solo bloquea su nombre y su número de teléfono en llamadas individuales. Para activar este bloqueo, marque *86 antes de cada llamada que desee bloquear.

Potenciales compradores de nuestra empresa

En caso de una fusión, compra o venta potencial o efectiva de la totalidad o parte de nuestros activos, la información sobre usted y su suscripción se compartirá o transferirá, en la mayoría de los casos, como parte de la transacción. Esto incluye información que lo identifica personalmente. Si esta Política se modifica a causa de tal transacción, consulte la sección "Cambios a esta Política de privacidad", más adelante.

Divulgación a organismos gubernamentales y otras entidades cuando lo exija la ley o sea necesario para proteger a Comcast y otros

En ocasiones, la ley podría exigirnos que divulguemos información sobre usted a terceros. Esto podría ocurrir con o sin su consentimiento y con o sin aviso, de conformidad con los términos de procedimientos legales válidos tales como una citación, una orden judicial o una orden de allanamiento.

Si usted se suscribe a nuestro servicio de Xfinity Video, Comcast podría verse obligada a divulgar información que lo identifique personalmente a una entidad gubernamental en respuesta a una orden judicial. En tal caso, la Ley sobre el servicio de cable (Cable Act) exige que se le dé la oportunidad de presentarse en un proceso judicial para disputar toda demanda hecha en respaldo de la orden judicial y que la entidad gubernamental ofrezca evidencia clara y convincente de sospechas razonables de que usted ha estado involucrado en actividades criminales y que la información que se procura conformaría evidencia de importancia en el caso. Para obtener más información, consulte "Sus derechos y nuestras limitaciones según las leyes federales".

Si usted se suscribe a los Servicios Xfinity Internet, Voice, Mobile o seguridad y automatización de Xfinity Home, Comcast podría verse obligada a divulgar información que lo identifique personalmente a una entidad gubernamental en respuesta a una citación, una orden judicial o una orden de allanamiento, en función del tipo de información que se procure. Es posible que los términos del proceso judicial nos prohíban notificarlo sobre tal divulgación.

Una entidad no gubernamental, tal como un litigante civil, únicamente puede solicitar información que lo identifique personalmente o información sobre el uso que hace de los Servicios Xfinity Video, Internet o Voice con el respaldo de una orden judicial y, de acuerdo con los términos de la Ley sobre el servicio de cable, tenemos la obligación de notificarlo sobre tal orden judicial. Si Comcast se ve obligada a divulgar información que lo identifique personalmente a un tercero privado en respuesta a una orden de un tribunal civil relacionada con estos u otros Servicios, le notificaremos antes de tal divulgación a menos que la ley nos prohíba hacerlo.

También podríamos divulgar información que lo identifique personalmente de conformidad con la ley y sin su consentimiento cuando ello sea necesario para proteger a nuestros clientes, a nuestros empleados o nuestra propiedad; en situaciones de emergencia; o para afirmar nuestros derechos en virtud de nuestros términos de servicio y nuestras políticas.

CÓMO PROTEGEMOS SU INFORMACIÓN

A fin de evitar el acceso, utilización o divulgación no autorizados de cualquier información personal que recopilamos y guardemos, seguimos las prácticas estándares de la industria para asegurar dicha información. Esas prácticas de seguridad incluyen salvaguardias técnicas, administrativas y físicas, que pueden variar según el tipo de la información y cuán delicada o confidencial sea. Si bien tomamos muy en serio la responsabilidad de salvaguardar su información personal, ninguna medida de seguridad es 100% efectiva y no podemos garantizar que estas prácticas eviten todos los intentos no autorizados de acceder a su información, o de utilizarla o divulgarla. Comcast también toma medidas adicionales para aumentar la seguridad y fiabilidad de las comunicaciones de los clientes. No leemos sus emails entrantes ni salientes, archivos adjuntos, correo de video, chats privados ni mensajes instantáneos. No obstante, nosotros (junto con nuestros proveedores de servicios) utilizamos herramientas de software y hardware para ayudar a prevenir y bloquear correos electrónicos "no deseados" (*spam*), virus, spyware y otras comunicaciones y programas dañinos o no deseados que se envíen y reciban por el correo electrónico de Comcast.net y los Servicios de Comcast. Para ayudar a protegerle a usted y a los Servicios contra estas comunicaciones y programas dañinos o no deseados, estas herramientas pueden escanear automáticamente sus correos electrónicos, correos de video, mensajes instantáneos, archivos adjuntos y otros archivos y comunicaciones. No utilizamos estas herramientas para comercialización ni publicidad.

POR CUÁNTO TIEMPO CONSERVAMOS SU INFORMACIÓN

Conservamos su información personal durante diferentes períodos de tiempo según el tipo de información y los requisitos comerciales y legales. Por ejemplo, si es un cliente, guardamos información que lo identifique personalmente mientras esté suscrito a uno o más de nuestros Servicios. Si cancela su suscripción a un Servicio, es posible que sigamos necesitando esa información para requisitos comerciales y legales, como para protegernos contra el fraude, calcular impuestos o responder a solicitudes legales. Otra información se elimina automáticamente después de un determinado período de tiempo, a menudo establecido por ley, a menos que la ley nos obligue a mantenerla por más tiempo, como en el caso de un litigio pendiente. Destruimos, desidentificamos o anonimizamos la información cuando ya no se necesite en forma identificable.

OPCIONES QUE TIENE PARA CONTROLAR NUESTRO USO DE LA INFORMACIÓN PERSONAL

Tiene muchas opciones con respecto a la forma en que nos comunicamos con usted y cómo usamos o compartimos su información. Estas opciones se pueden controlar en el Centro de preferencias de privacidad de Xfinity (<https://es.xfinity.com/privacy/your-privacy-choices>). Si cambia de opinión, puede actualizar sus preferencias en cualquier momento.

Obtenga más información sobre sus opciones de privacidad

Para su conveniencia, creamos el Centro de preferencias de privacidad de Xfinity (<https://es.xfinity.com/privacy/your-privacy-choices>), donde usted puede controlar:

- cómo tratamos la información personal vinculada a su cuenta para determinados usos relacionados con la medición de la audiencia, la analítica y los anuncios publicitarios personalizados de productos y servicios de terceros en función de sus intereses
- si utilizamos su información personal sensible para recomendaciones personalizadas, publicidad y marketing
- sus preferencias relativas a las cookies que nuestro sitio web almacena en su navegador cuando lo visita
- sus preferencias relativas a las comunicaciones, ofertas y notificaciones que le enviamos

Puede averiguar más sobre las opciones disponibles y configurar sus preferencias. Si cambia de parecer, puede regresar en cualquier momento para actualizarlas. Algunas de las opciones están limitadas al uso por parte nuestra de cierta información del cliente, por lo cual podría tener que iniciar sesión en su cuenta.

Entendemos que, en ocasiones, podría querer hablar con un representante de Comcast que le ayude con sus decisiones. Puede llamar a Comcast al 1-800-XFINITY y pedirnos que incluyamos su nombre en las listas internas de "no llamar", "no enviar correo" o "no visitar" de la empresa.

Si está suscrito al servicio de voz de Xfinity, es posible que cuando interactúe con uno de nuestros representantes de atención al cliente, por ejemplo, en una llamada, en nuestras oficinas o durante una sesión de chat en línea, le pidamos su consentimiento verbal para el uso de su información de red específica del cliente o "CPNI" con el fin de revisar su cuenta y ofrecerle otros productos y servicios. Si usted da su consentimiento, Comcast podrá utilizar su CPNI solo mientras dure la llamada telefónica o la conversación con el fin de ofrecerle otros servicios. Si usted se niega o restringe su aprobación para que utilicemos su CPNI, no se verá afectado el modo en que le proporcionamos los servicios a los que se ha suscrito, ni en el presente ni en el futuro.

Es posible que haya otras preferencias de privacidad disponibles en los dispositivos que utiliza para acceder a los Servicios.

CÓMO ACCEDER A LA INFORMACIÓN EN NUESTROS REGISTROS Y CORREGIRLA

Como parte de nuestro compromiso con la transparencia, damos acceso a nuestros clientes a la información personal que tenemos sobre ellos. Si se suscribe a sus Servicios, puede ver y corregir su información de identificación personal a través de los servicios de su cuenta en línea.

Algunos estados pueden concederle derechos adicionales, como los descritos en la sección "Información adicional sobre otras leyes y derechos individuales" de esta Política de privacidad.

Todas las personas también pueden solicitar el acceso y la corrección de determinados datos personales, así como la eliminación de ciertos datos personales a través de nuestro Centro de privacidad, ingresando en www.xfinity.com/privacy/requests.

Si se suscribe a un Servicio Xfinity, puede corregir o actualizar su información visitando <https://es.xfinity.com> o poniéndose en contacto con nosotros como se indica más adelante. Si es cliente de Xfinity Home, también puede corregir o actualizar su información de contacto y emergencia desde la Xfinity Home app. Corregiremos nuestros registros después de verificar que los cambios solicitados sean pertinentes.

Si se suscribe a los servicios Xfinity TV, Internet o Voice y quiere ver su propia información que lo identifica personalmente (que no sea su información de red específica del cliente o CPNI), puede hacerlo en su oficina local de Comcast. Para ello, envíe un correo electrónico a Comcast_Privacy@comcast.com o llame al 1-800-XFINITY y concédanos un tiempo razonable para encontrar la información (y, de ser necesario, prepararla para que la examine) y para programar una cita durante el horario comercial normal. Deberá identificarse debidamente y únicamente se le permitirá examinar la información en su propia cuenta, no la de otras.

Si solicita por escrito una copia de su CPNI relacionada con los Servicios Xfinity Voice o Mobile, le enviaremos la información pertinente por correo a la dirección que figura en su cuenta o a otra persona

que usted autorice, si creemos razonablemente que la solicitud es válida. Sin embargo, los abonados de nuestros Servicios Xfinity Voice y Mobile deben saber que, en general, no proporcionamos registros de llamadas entrantes ni salientes, ni otros registros que no proporcionemos habitualmente como parte de nuestras actividades comerciales (por ejemplo, como parte de una factura) o que estén disponibles únicamente en nuestros archivos, excepto mediante un proceso legal válido, como una orden judicial. Además, no podremos corregir errores que pudiera haber en los nombres, las direcciones o los números de teléfono de los clientes que aparezcan (o se hayan omitido) en los directorios de nuestros proveedores, hasta tanto no se publique la siguiente versión de tales directorios. Tampoco podríamos tener control sobre la información que figure en los directorios o en las listas de servicios de información telefónica de editores o proveedores que no sean de nuestra propiedad. Siempre que la ley lo permita, Comcast se reserva el derecho de cobrarle una tarifa razonable por obtener y fotocopiar los documentos o información que usted solicite.

SUS DERECHOS Y NUESTRAS LIMITACIONES SEGÚN LAS LEYES FEDERALES

La Ley federal sobre el servicio de cable impone limitaciones a nuestra recopilación y divulgación de información que lo identifique personalmente cuando se suscribe a Servicios que emplean la infraestructura del sistema de cable de Comcast. La Ley de comunicaciones impone restricciones a nuestro uso y divulgación de su CPNI cuando usa Servicios que se consideran servicios de telecomunicaciones.

La Ley de Cable y la Información de Identificación Personal

Esta Política de privacidad está diseñada para cumplir con la Sección 631 de la Ley de Política de Comunicaciones por Cable de 1984, según enmendada, (la "Ley de Cable"). La Ley de Cable permite que Comcast use el sistema de cable para recopilar información de identificación personal sobre usted. La información de identificación personal es información que lo identifica a usted específicamente, no incluye información no identificativa, anónima, agregada u otro tipo de datos que no lo identifican a usted. Podremos recopilar información que lo identifique personalmente cuando sea necesario para prestarle servicios de cable u otros servicios y para detectar una recepción o utilización no autorizada de tales servicios. Con su previa autorización por escrito o electrónica, también podremos utilizar el sistema de cable para recopilar información de identificación personal sobre usted para otros fines. La Ley de Cable también permite a Comcast divulgar información de identificación personal si tal divulgación es necesaria para proporcionar o conducir una actividad legítima de negocios relacionada con el servicio de cable u otros servicios que le suministramos, si lo requiere la ley o un proceso legal o si está limitada a su nombre y dirección, sujetos a su consentimiento con opción de exclusión. La frecuencia de cualquier divulgación de información de identificación personal varía de acuerdo con nuestras necesidades y actividades comerciales, según lo descrito en esta Política.

Si usted cree que ha sido perjudicado por una acción nuestra en violación de la Ley de Cable o de otra ley aplicable, le pedimos que nos contacte directamente en Comcast_Privacy@comcast.com para resolver su consulta o inquietud. También puede afirmar las limitaciones que nos impone la Ley de Cable, según correspondan a su información de identificación personal, por medio de una querrela civil para cubrir daños y perjuicios, honorarios de abogados y costos de litigación. También podría tener otros derechos y recursos de conformidad con las leyes federales y otras leyes también pertinentes. Esta Política de privacidad no sustituye, acrecienta ni modifica ningún acuerdo de arbitraje que lo obligue como suscriptor a uno o más de los Servicios.

La Ley de Comunicaciones y CPNI

La Sección 222 de la Ley de Comunicaciones de 1934, según enmendada (la "Ley de Comunicaciones"), dispone protecciones adicionales de privacidad para información sobre la cantidad, configuración técnica, tipo, destino, ubicación y monto de su utilización de los servicios de telecomunicaciones, incluyendo los servicios de Xfinity Voice y Mobile, y la información sobre esos servicios que contiene su factura por los mismos. Esa información se conoce como información de red específica del cliente o CPNI. La CPNI no incluye su nombre, dirección o número de teléfono, que en la Ley de Comunicaciones se define como "información de la lista de suscriptores". Sin embargo, se considera de otra forma que esos datos conforman información de identificación personal. Si usted es cliente del servicio de Xfinity Voice o Mobile, u otro Servicio que esté sujeto a esos requisitos, tiene el derecho, y Comcast la obligación, conforme a la Ley de Comunicaciones y otras leyes aplicables, de proteger la confidencialidad de su CPNI. Además, las regulaciones de la FCC disponen opciones y protecciones adicionales de privacidad con respecto a la utilización y el intercambio de CPNI que corresponden específicamente a nuestros servicios de Voice y Mobile y que describimos en esta Política.

La ley de California les otorga a los residentes de ese estado el derecho a recibir ciertos avisos sobre la recopilación, el uso y la compartición de la "información personal"; el derecho a acceder, eliminar y corregir determinada información personal que recopilamos sobre ellos; nos prohíbe "vender" o "compartir" cierta información personal; y limita nuestro uso de la información personal sensible, según como la define la ley y como se describe en las categorías que se detallan a continuación. Estos derechos se aplican a todos los residentes de California, independientemente de si usted es un cliente, un contacto comercial o un miembro de la fuerza laboral. Como residente de California, tiene derecho a no recibir un trato discriminatorio por ejercer sus derechos de privacidad.

La Ley de Privacidad del Consumidor de California define "información personal" como "información que identifica a un determinado consumidor u hogar, se relaciona con este, lo describe, o podría asociarse o vincularse razonablemente con él, de forma directa o indirecta".

Para ejercer estos derechos, usted o su agente autorizado pueden enviar una solicitud ingresando en www.xfinity.com/privacy/requests o llamándonos al 1-844-963-0138. Recopilación, uso y conservación de la información personal

La sección general de esta Política de privacidad describe, en categorías fáciles de entender, los tipos de información personal que recopilamos, cómo la recopilamos y cómo la usamos. La Ley de Privacidad del Consumidor de California (California Consumer Privacy Act, CCPA) exige que divulguemos la información personal que hemos recopilado sobre nuestros clientes en las siguientes categorías. Algunas de las categorías incluyen tipos muy diferentes de información en la misma categoría, por lo que cierta información personal puede incluirse en varias categorías. Cómo usamos y durante cuánto tiempo conservamos la información de cada categoría puede variar según la categoría y no todos los tipos de información de una misma categoría se usarán para todos los fines que se enumeran.

La ley de California exige que brindemos información sobre los criterios que usamos para determinar el tiempo durante el que conservamos la información personal. Utilizamos los siguientes criterios para determinar el tiempo durante el que conservamos la información personal:

- El fin comercial para el que la información se usa y el tiempo durante el que la información se necesita para alcanzar esos objetivos;
- Si debemos conservar la información para cumplir con obligaciones legales o compromisos contractuales, o si se necesita de otra forma para investigar robos u otras actividades ilegales, para garantizar un entorno virtual seguro o para proteger la salud y la seguridad;
- El impacto de la privacidad de la conservación continua en el consumidor, incluidas sus expectativas probables a la luz de la sensibilidad de la información y nuestros Compromisos de privacidad;
- La manera en que la información se conserva y fluye por nuestros sistemas, y cómo administrar mejor el ciclo de vida a la luz del volumen y la complejidad de los sistemas de nuestra infraestructura.

Los datos individuales de la información personal, como los enumerados arriba, pueden existir en distintos sistemas que se usan para diferentes fines comerciales y legales. Se puede aplicar un período de conservación máximo diferente a cada caso de uso de la información. Ciertos datos individuales también pueden guardarse junto con otros datos individuales, por lo que el fin para el que ese conjunto de información se usa puede determinar el período de conservación máximo.

INFORMACIÓN ADICIONAL SOBRE LOS DERECHOS DE PRIVACIDAD DE LOS RESIDENTES DE MAINE

En términos generales, la Ley de Maine sobre la Privacidad del Cliente en los Servicios de Acceso a Internet de Banda Ancha prohíbe que los proveedores de servicios de acceso a Internet de banda ancha (en adelante, los "Proveedores") usen, divulguen, vendan o permitan el acceso a la "información personal del cliente"① sin su consentimiento expreso y afirmativo, el cual puede revocarse en cualquier momento.

Sin embargo, este consentimiento no será necesario para la recopilación, la conservación, el uso, la divulgación, la venta o el acceso a la información personal del cliente cuando estas actividades se requieran para los siguientes fines:

- Prestar el servicio del cual se ha obtenido dicha información o proveer los servicios necesarios para su prestación;
- Anunciar u ofrecer al cliente los servicios del proveedor relacionados con comunicaciones;
- Cumplir con una orden judicial legal;
- Iniciar, presentar, facturar y cobrar el pago de los servicios de acceso a Internet de banda ancha;
- Proteger a los usuarios de los servicios del proveedor o de los servicios de otros proveedores contra la suscripción o el uso fraudulento, abusivo o ilegal de tales servicios; o
- Proporcionar información de geolocalización sobre un cliente:
 - A un centro público de atención de llamadas de seguridad; un proveedor de servicios médicos de emergencia o de despacho de emergencia; un oficial de seguridad pública, cuerpo de bomberos o policía; o un centro hospitalario de emergencias o centro de traumatismos con el fin de responder a la llamada de un cliente para recibir servicios de emergencia; o

- A un proveedor de servicios de información o de gestión de bases de datos con el único fin de ayudar en la prestación de servicios de emergencia en respuesta a una emergencia.

Ningún proveedor podrá negarse a prestar servicios a un cliente por no dar su consentimiento cuando se requiera. Tampoco podrá cobrar multas ni ofrecer descuentos en función de la decisión del cliente de otorgar o no su consentimiento.

El proveedor adoptará medidas razonables para proteger la información personal del cliente contra el uso, la divulgación o el acceso no autorizado, teniendo en cuenta la naturaleza y el alcance de las actividades del proveedor, la sensibilidad de los datos que recopila, la envergadura del proveedor y la viabilidad técnica de las medidas de seguridad.

Además, el proveedor podrá usar, divulgar, vender o permitir el acceso a información del cliente que no sea información personal, a menos que el cliente elija lo contrario.

Para obtener información sobre nuestras prácticas de conservación, consulte la sección "Por cuánto tiempo conservamos su información" más arriba.

Fundamento legal para el procesamiento

Utilizamos diversos fundamentos legales para procesar su información personal. Principalmente, procesamos su información personal porque es necesario para ejecutar nuestro acuerdo de prestación de Servicios con usted o porque el procesamiento es necesario para nuestros intereses legítimos, toda vez que dichos intereses no anulan sus derechos y libertades fundamentales relacionados con la privacidad de los datos. Cuando utilizamos el interés legítimo como fundamento legal, nuestro interés legítimo es necesario para promocionar nuestro negocio, mejorar los servicios que le ofrecemos, así como su experiencia cuando interactúa con nosotros y garantizar una gestión operativa eficaz y la administración interna de nuestra compañía, además del ejercicio de nuestros derechos. En casos limitados, podemos utilizar otros fundamentos legales para procesar su información personal, incluso cuando sea necesario para cumplir con una obligación legal o cuando brinda su consentimiento para el procesamiento.

Transferencia transfronteriza de información

Determinada información personal puede transferirse a Estados Unidos y otros países, o procesarse en ellos, en los que tenemos establecimientos o en los que nos involucramos con proveedores de servicios. La legislación de Estados Unidos sobre información personal puede ser diferente a la legislación de su estado o país. - Corrijamos o actualicemos la Información personal inexacta o incompleta que tenemos sobre usted;
- Eliminemos toda la información personal o parte de ella que tenemos sobre usted (por ejemplo, si ya no es necesaria para prestarle los Servicios a usted).

Para enviar una solicitud a fin de ejercer sus derechos, tenga a bien completar el formulario disponible en www.xfinity.com/privacy/requests. Podemos tener un motivo de conformidad con la ley por el que no tenemos que cumplir con su solicitud o por el que podemos cumplir con ella de una manera más limitada que la que usted anticipó. De ser así, se lo explicaremos en nuestra respuesta. Tenga en cuenta que, para verificar su identidad, es posible que le pidamos que nos brinde información antes de acceder a los registros que contienen información sobre usted. MÁS INFORMACIÓN ACERCA DE ALGUNOS TÉRMINOS Y FRASES UTILIZADOS EN ESTA POLÍTICA

A continuación, encontrará ejemplos ilustrativos y más información acerca de los términos utilizados en esta política que tienen el símbolo ⓘ a su lado.

Información personal: incluye toda información que esté vinculada o pueda vincularse razonablemente con usted.

Productos, servicios, redes y plataformas: algunos ejemplos sobre cuándo corresponde esta política son: Xfinity® TV y Streaming, Xfinity Internet, xFi y Xfinity Advanced Security, Xfinity Voice, Xfinity Stream app, servicio de Xfinity WiFi, Xfinity Home, Xfinity Mobile, Xfinity Flex, Servicios de Comcast Business, Effectv, Xumo, Xumo TV y Xumo Play.

Otros productos, servicios, sitios web y aplicaciones: por ejemplo, si utiliza la aplicación Peacock en su teléfono X1 o Xfinity Mobile, la política de privacidad de NBCUniversal corresponderá a la información que se recopile a través de esa aplicación.

Terceros: se refiere a otras empresas que recopilan o conservan información acerca de usted y la comparten con nosotros, como agencias crediticias que comparten información con nosotros cuando usted se registra en un servicio y presta su consentimiento para una evaluación crediticia.

Responder a sus solicitudes: para brindarle mejor atención, llevamos un registro de las oportunidades en las que nos contactó, cuál fue el asunto y cuál es la mejor forma de comunicarnos con usted.

Adaptar nuestros servicios: recopilamos datos de terceros para entender mejor sus intereses y acercarle ofertas personalizadas.

Fotografías: por ejemplo, podremos tomar una fotografía de su porche o entrada junto con el equipo que le entregamos o fotografías aéreas de nuestra red con el fin de evaluar la seguridad y conformidad de la misma.

Actividad de selección y visualización de videos: cuando usa los servicios de video que ofrecemos directamente, como Xfinity TV y la Xfinity Stream app, sabemos qué video seleccionó para poder entregárselo. Cuando accede al contenido de aplicaciones de terceros en la plataforma de X1, Flex o Xumo TV, solo sabremos que usted ha accedido a dicha aplicación, no lo que usted hace dentro de dichas selecciones de video, a menos que usted haya permitido compartir esta información.

Para ayudarnos a autenticarlo: algunos de nuestros servicios solo se ofrecen en ciertas regiones geográficas, por lo cual, para usar esos servicios o acceder a información relacionada, necesitamos saber que se encuentra físicamente en su dirección de servicio.

Información proporcionada cuando usted integra otros servicios con nuestros Servicios: por ejemplo, si usted descarga o utiliza las herramientas o funciones de otra empresa que son compatibles con nuestros Servicios, dicha empresa recopilará información sobre su uso de esas herramientas y funciones, y podría compartir información adicional con nosotros.

DNS: el "directorio de direcciones" de Internet se conoce como "*Domain Name System*", Sistema de Nombres de Dominio o DNS. Así es como las personas navegan en Internet. Millones de clientes de Comcast consultan miles de millones de direcciones en Internet todos los días. Eliminamos las consultas DNS generadas por nuestros clientes de Internet cada 24 horas, excepto en casos muy específicos, cuando necesitemos investigar un problema de seguridad o rendimiento de la red, protegernos contra amenazas de seguridad o atender una solicitud legal legítima. Usted puede decidir mantener esa información en su cuenta durante más tiempo al habilitar ciertas características, como nuestros servicios avanzados de seguridad que le permiten ver los sitios web bloqueados durante un máximo de 30 días. Sin embargo, nunca hemos usado esta información para ningún tipo de comercialización o publicidad ni la hemos vendido a terceros.

Actividad de tráfico de red: qué sitios visita en Internet es asunto suyo, no nuestro. Limitamos el uso de nuestra parte de la actividad de tráfico de red de los clientes para estudiar datos de la red con el fin de evaluar su rendimiento; entender tendencias; anticipar la demanda y desarrollar, probar y mejorar nuestros productos y servicios; y con fines de fraude y seguridad. Hacemos esto con una muestra de datos de la red y solo relacionamos la actividad de la red de nuestros clientes con personas concretas cuando es necesario por motivos de seguridad o fraude, o cuando lo exige la ley.

Xfinity Mobile: no vendemos ni jamás hemos vendido información sobre su ubicación cuando usa nuestro servicio Xfinity Mobile.

Aplicaciones móviles: si usa un dispositivo móvil para acceder a nuestros Servicios, podríamos necesitar conocer la ubicación de su dispositivo móvil u otro dispositivo en el que haya instalado una de nuestras aplicaciones para ciertas funciones, como conectarlo a un punto de acceso de Xfinity WiFi cercano. Antes de hacerlo, le pediremos su consentimiento para recopilar y usar información de geolocalización precisa. Usted puede usar las opciones de configuración de su dispositivo para negarse a la recopilación de esta información (consulte la sección "Sus opciones") pero, si lo hace, ciertas funciones y características de los Servicios podrían verse limitadas.

Información demográfica: información como el sexo, la edad y los registros censuales.

Información sobre intereses: información que indica sus intereses en temas como deportes, viajes o cocina.

Información sobre compras: información proveniente de programas de fidelidad o registros públicos.

Facebook: si interactúa con nuestros Servicios mediante un dispositivo con el que también interactúa con redes sociales, o si interactúa con nosotros mediante una función de una red social como un complemento (por ejemplo, un botón "me gusta" de Facebook), podría autorizarnos a tener acceso continuo a cierta información de su perfil en dicha red social (como su nombre, su dirección de correo electrónico, su lista de amigos, su foto, su edad, su sexo, su ubicación, su cumpleaños, su ID en la red social, su ciudad actual, las personas y los sitios que sigue, etc.). Si no quiere que una red social recopile información como la mencionada sobre usted o no quiere que la comparta con nosotros y otros terceros, examine la configuración de privacidad y las instrucciones de la red social correspondiente antes de interactuar con nuestros Servicios.

Medición e informes estadísticos para nosotros y para terceros: nosotros y los proveedores de servicios que operan en nuestro nombre podríamos combinar y usar información de nuestros registros comerciales (incluida información sobre cuentas, datos sobre la actividad de video y otra información sobre el uso) con información de terceros con el fin de crear informes de mediciones y estadísticas. Estos informes están anonimizados o combinados y no contienen ninguna información que lo identifique personalmente.

Usamos estos informes para muchos de los fines descritos en la Política de privacidad, como para mejorar los Servicios, crear y ofrecer publicidad más personalizada en nombre de Comcast y otros

terceros, determinar si los mensajes de un anunciante se visualizan y cómo, y analizar la efectividad de ciertos anuncios en los Servicios de Comcast y en otros servicios y plataformas. También usamos estos informes para trabajar con grupos académicos o de investigación y para otros usos que nos ayudan a desarrollar y financiar mejoras en los servicios y la infraestructura. Podríamos compartir estos informes con programadores, anunciantes u otros. Para obtener más información sobre las opciones que tiene en relación con el uso de su información con estos fines, consulte el Centro de preferencias de privacidad de Xfinity (<https://es.xfinity.com/privacy/your-privacy-choices>).

Configuración de opciones de inclusión o exclusión: por ejemplo, si compartimos con otros información personal que no lo identifica personalmente para uso de tales terceros, primero le daremos la opción de excluirse. En otros casos, usted podría querer que compartamos su nombre, dirección física o dirección de correo electrónico con otra empresa (por ejemplo, cuando se suscribe a un servicio de un tercero a través de una de nuestras plataformas, como la X1, Flex o Xumo TV). En tales casos, nos aseguraremos de que nos dé instrucciones claras antes de compartir esa información.

Otra empresa: por ejemplo, cuando se suscribe a un servicio de un tercero a través de nuestra X1 o Flex, podría pedirnos que compartamos información de contacto para ayudarle a registrarse o iniciar sesión. O bien, si le interesara un producto que vio anunciado en televisión y quisiera compartir su información de contacto para que el proveedor del producto le envíe más información, podríamos brindarle esa opción.

Aplicación de video que no es de Xfinity: por ejemplo, cuando utiliza Peacock en la plataforma X1, Flex o Xumo TV.

Plataforma o dispositivo de otra empresa: por ejemplo, cuando utiliza la Xfinity Stream app desde dispositivos operados por otras empresas, como un dispositivo Apple o Android.

Variar (de una categoría a otra): por ejemplo, la CCPA coloca el nombre y el número de seguro social en la misma categoría. Podríamos usar su nombre para enviarle material de comercialización sobre nuestros productos, pero no usaremos su número de seguro social para fines de comercialización ni publicidad.

Información personal del cliente: (1) Información de identificación personal de un cliente de banda ancha, incluidos, entre otros, el nombre del cliente, información de facturación, el número del seguro social, la dirección de facturación y datos demográficos; e (2) Información sobre el uso del servicio de acceso a Internet de banda ancha por parte de un cliente.

This notice is required by the Rules of the Federal Communications Commission. Comcast Digital Voice service (CDV) may have the 911/E911 limitations listed below. I understand and agree to the following: In order for my 911 to be properly directed to emergency services, Comcast must have my correct service address. If I move CDV to a different address without Comcast's approval, 911 calls may be directed to the wrong emergency authority, may transmit the wrong address, and/or CDV (including 911) may fail altogether. CDV uses the electrical power in my home. If there is an electrical power outage, 911 calling may be interrupted if the battery back-up in the associated multimedia terminal adapter is not installed, fails or is exhausted after several hours. Calls, including calls to 911, may not be completed if there is a problem with the network facilities, including network congestion, network/equipment/power failure, or another technical problem. Prior to changing my address, or if I have any 911-related questions, I will call 1-800-Comcast. Comcast will need several business days to update my service address in the E911 system. USE OF CDV AFTER DELIVERY OF THIS DOCUMENT CONSTITUTES YOUR ACKNOWLEDGEMENT OF THE E911 NOTICE ABOVE. By signing below, I represent that I am at least 18 years old; I am the owner of, or tenant in, the premises at the above address and that the installation, repair or other work provided has been satisfactorily completed. If this work order relates to the initial installation of services, I acknowledge receipt of the Comcast Welcome Kit which contains the Comcast Residential Customer Agreement, the Comcast Cable Subscriber Policy Notice and other important information about the services. I agree to be bound by the Comcast Customer Agreement which constitutes the agreement between Comcast and me for the services as well as any applicable Comcast acceptable use policies. If other non-installation work was provided, I agree to be bound by the current Comcast Customer Agreement as well as any applicable Comcast acceptable use policies. I authorize Comcast to obtain a credit report from a consumer credit agency in connection with the provision of the services I am receiving. IF I SUBSCRIBE TO COMCAST DIGITAL VOICE, I ACKNOWLEDGE MY RECEIPT AND UNDERSTANDING OF THE E911 NOTICE ABOVE.

Re: Programming Advisory

Dear Members of the Board:

As part of our ongoing commitment to keep you and our customers informed about changes to Xfinity TV services, we were notified this week that two (2) channels currently carried on the Xfinity line-up are ceasing operations and will no longer be available to viewers:

- **SporTV** (part of the Brazilian TV package) is ceasing operations on February 28, 2025.
- **Universal Kids** is ceasing operations on March 6, 2025.

As a result, these channels will no longer be available as part of our lineup as of the dates listed above. As a function of this change, we will implement a channel slate (advising of unavailability) on the impacted channels and will include mention of the changes on www.xfinity.com/programmingchanges to help keep our customers informed.

Please do not hesitate to contact me should you have any questions. For your convenience I can be reached at **patrick_shearns@comcast.com**.

Very truly yours,

Patrick J. Shearns
